"OFF THE RECORD"

The 2007 edition of the Alfarata is dedicated to every moment that didn't land on our transcripts. We may have achieved our GPAs and class ranks, but we carry away much more from this Juniata experience than numbers. We pack in our memories the sounds of cups clanking loudly on the Baker floor, the smells of Ramen noodles burning in our microwaves, the feeling of our feet sticking to the floors in East on Saturday nights, the taste of fear as we sat down with bluebooks for exams that we knew were meant to destroy us, the visions of the faces that quickly changed from strangers to family. This yearbook is meant to remind each of us that sometimes the most important things in life are the ones that happen "off the record."

ALFARATA 2007

The boys of East 201 show their manly sides off in their pimped out pad. But wait—there are nine guys here, not eight. Which one is the impostor?

Friends and a good time remained the foundation for many parties this year. Yep, Juniata parties…"face lickin' good."

STUDENT LIFE & DORMS

Where Eagles Nest

Liz Kennedy & Stacey Cremar

E.F. Schumacher, a British economist, once said, "Eagles come in all shapes and sizes, but you will recognize them chiefly by their attitudes." Obviously, he must have been predicting the life of our own Juniata Eagles, because this year the student life on campus exhibited not only a diverse plethora of events, but attitude to boot.

Right in the middle of everything was Cloister, the dorm on campus known for its ghostly inhabitants, and this year proved to be exciting and entertaining for residents. Not only were there animalistic noises which could be heard throughout the arch, but also the familiar smell of burned college style cuisine penetrating the hallways. With the construction of Halbritter Center for Performing Arts finally completed, residents enjoyed peaceful, construction noise-free dreams for a change. Cloister dwellers rejoiced that they heard wake-up calls from their alarm clocks rather than from backhoes.

The "Leshbians" of Lesher were happier than peas in a pod in 2007. They chuckled at the jokes about their dorm t-shirts folding in inopportune spots to spell words typically not seen on your everyday shirt. And they reveled in having a sweet enough kitchen to host quesadilla and gyro cooking events. The dorm also houses the Early Childhood Education Center of Juniata. Here, the education majors prepared themselves for their careers of finger paints, 123s and ABCs.

Sherwood and Sunderland still had the power to turn even the most respectable senior into a care-free freshman. Although Sherwood was known four years ago for the saying, "Want another beer? Sherwood!" things in the wood have calmed slightly. There were no major 6 a.m. trips to the hospital, nor were there any ping-pong table sized games of beer pong, which made things in the wood rather peaceful. Sunderland also experienced a rather placid year with no major uproars or outbursts.

Like Sherwood and Sunderland, South also experienced a rather quiet year; this does not mean, though, that the dorm didn't host its fair share of scandalous Jungle Juice serving parties. Residents were dismayed, however, with the new parking restrictions in the Kennedy lot which infringed upon their parking availabilities. Tussey and Terrace (T'nT) residents enjoyed the traditional shaving cream battle as well as the cultural smells of international culinary creations. This year though, T'nT housed more than just students. The 2006-2007 residents also included a family of brown recluse spiders which moved into the lower floors of the dorm and procreated, much to the chagrin of the students.

"Living on campus has several advantages and disadvantages. For one, you get to sleep till about five minutes before class, on the other hand, you have people who are loud at 2 am."
-Liz Kennedy

Why were most of these dorms so tame? The reason is East. East remained the typical weekend destination for many of Juniata's finest. Here, not only were there memorable 21st birthdays and "dance till you drop" parties, but also several instances of students trying to prove their WWF moves on the windows. (The windows, obviously, were defeated.)

Off-campus housing in Mission, Pink, Hess and non-College owned apartments remained popular with the upperclassmen. The students of these residences were able to enjoy the separation of their "home" lives and their "school" lives, while remaining in close proximity to campus. These residents joined with their not-so-close neighbors in East in throwing their fair share of parties, including the jumbo St. Patrick's Day dance party hosted by Mission.

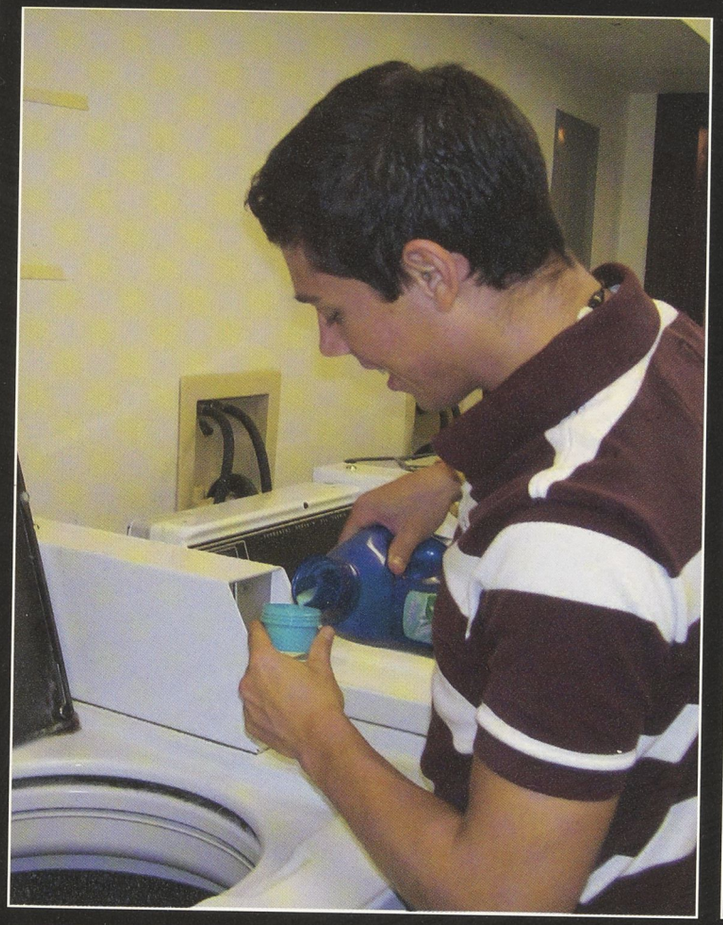
Whether we lived on campus or off, we made the best of memories with the best of friends. Watching YouTube clips, hosting Halo and Madden tournaments, forming super groups on Facebook--we found new ways to make the Juniata community a virtual home away from home.

Left: Senior Scott Taylor hopes to take over the world... one little plastic man at a time.
Below: Whenever Huntingdon seems a little too small, junior Rachael Mongerson goes searching for comfort at an even smaller fishbowl.

Above: No one ever though that Angie Smith was that tall... until they saw her try and squeeze into her room.

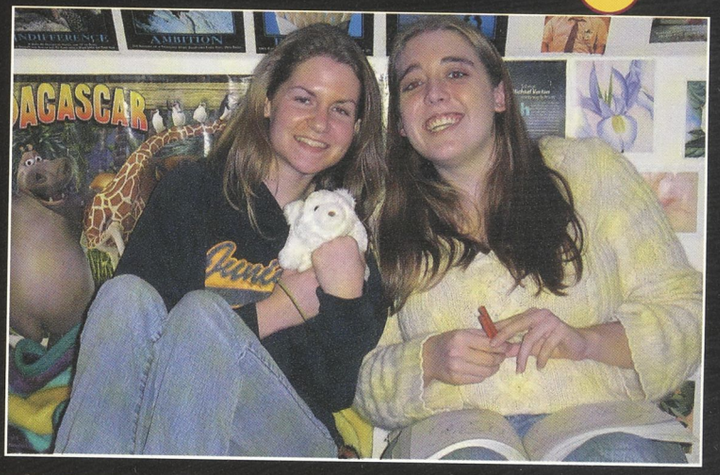
Cloister

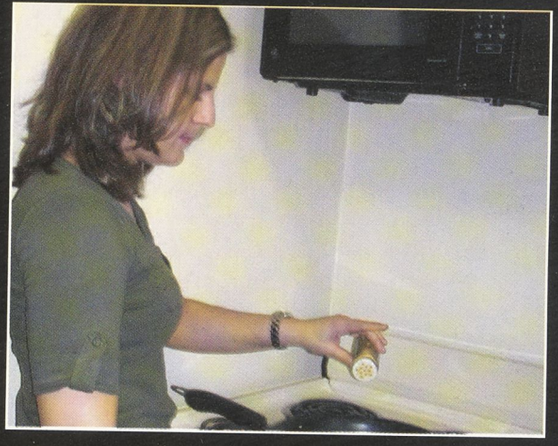
Below: Um... are you sure you know what you're doing there, Brian?



"Cold in the winter and hot in the summer, but warmed by the love of friends and the smiles of complete strangers makes Cloister the dorm of choice."
- Theresa DeMarino

Below: Juniors Kayla Stidsen and Jill Malcolm are happy to live in their poster paradise.

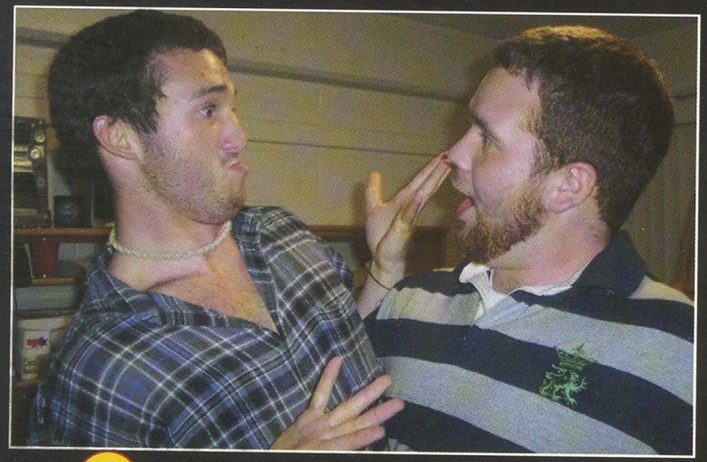




Above: Junior Theresa DeMarino hopes that her food will be better than Baker's.
Left: "Are we done with this picture yet, I have actual work to do?" --Scott Forbes

Right: Introducing the Toga Goddesses of 207... juniors Jess Winemiller, Jill Walsh and Ali Meckey!

Below: Getting into parties in East just got tougher!



Above: Travis and Jonathan practice their "How did that beer get in here" faces.

"East is a very unique living environment that is completely different than anything I've ever experienced. The independent lifestyle gives you more freedom but also more responsibility as a student. East on the weekends is a scene like no other. Also the close living with 7 other people builds a camaraderie that will never be forgotten."
- Travis Paul

Above: Tim Murphy and Ashley Tyeryar know that every weekend in East brings some jaw-dropping, tongue-wagging fun.

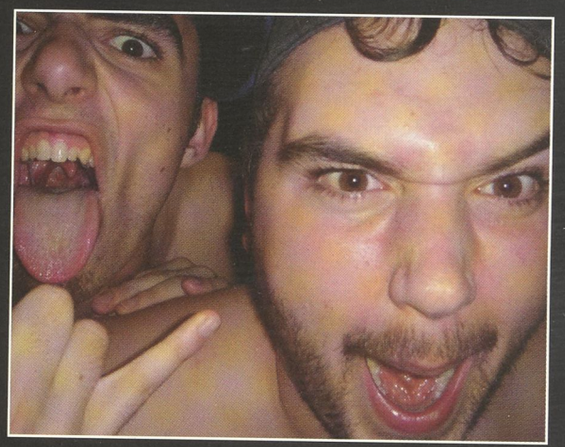
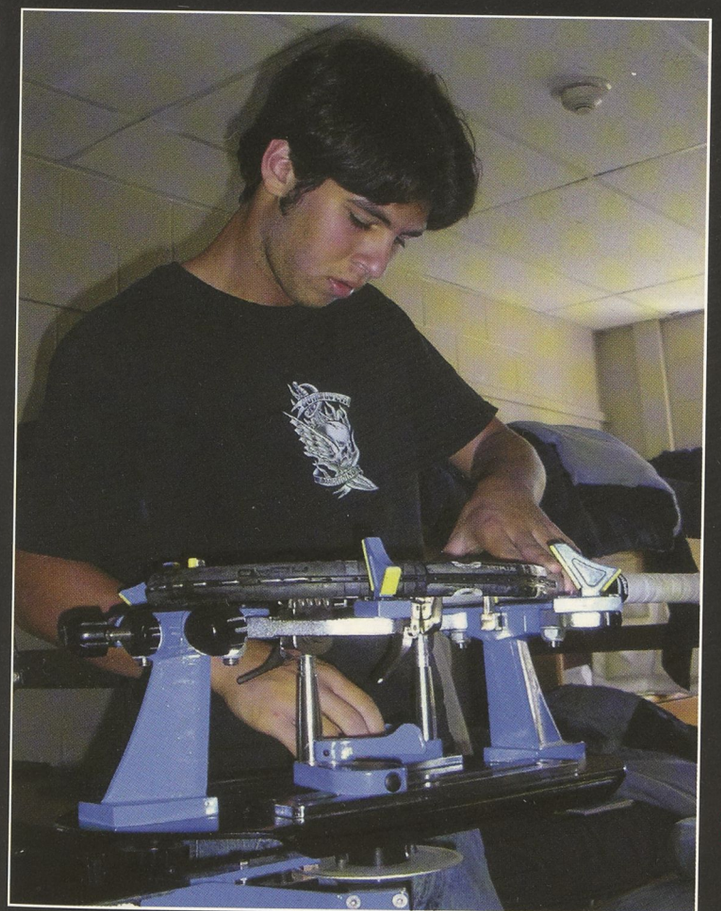
bomb. But he's real
count as "racquet" s

Left: Evan, Ralph, Mike, Bill, and Jordan get suited up to fight for truth and justice and...play some Frisbee? Heck yeah, Frisbee!

Below: Neil Perrin and Eric Martin. We'd write more about this, but really, look at these faces. What more can we say?





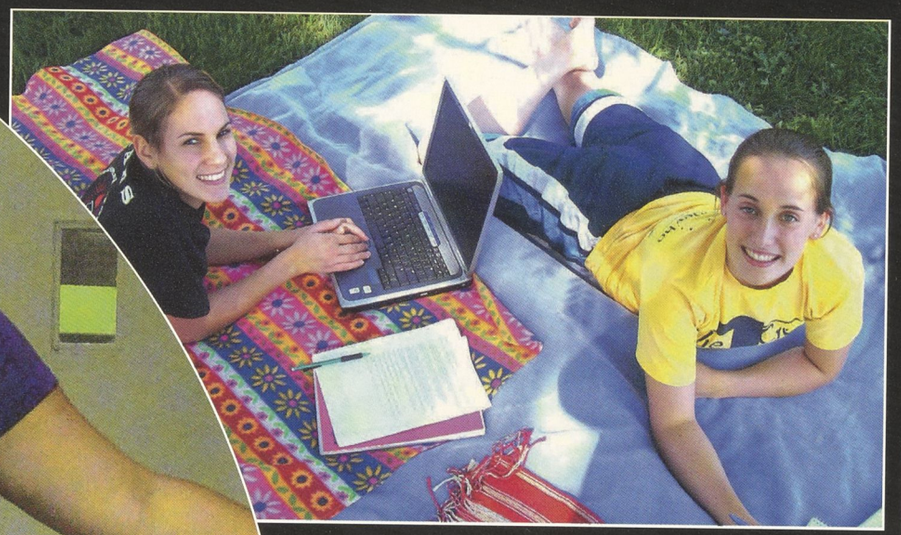
Above: Jarrad Silver's contraption looks like it could defuse a nuclear bomb. But he's really just restringing his tennis racquet...so, does that count as "racquet" science?

Above: In order to bring his "A game" to the table, freshman Tommy Grove needed his game shirt.

"It's all good in the wood, baby! Waking up at two in the morning for a bamoy ball fight, finding bathroom doors under peoples beds, and competitive Frisbee and football games in the hallways. Do you know what time it is? It's time to drift!"
-Bill Sanborn

Left: Sophomore Anna Oliveri rides a unicycle down the hall in South...'nuff said.

Below: Mandy Tennis and Megan Kobuck show that anyone who says "Studying is no picnic," obviously doesn't live near South lawn.



Above: Senior Danielle Enriquez is playing ping pong. What other kind of pong is there?!

South

Below: Rachel T
makes him walk

said.

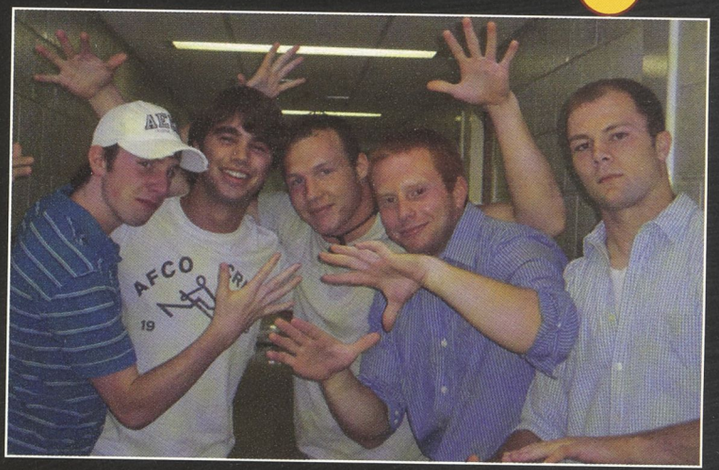
ing is no

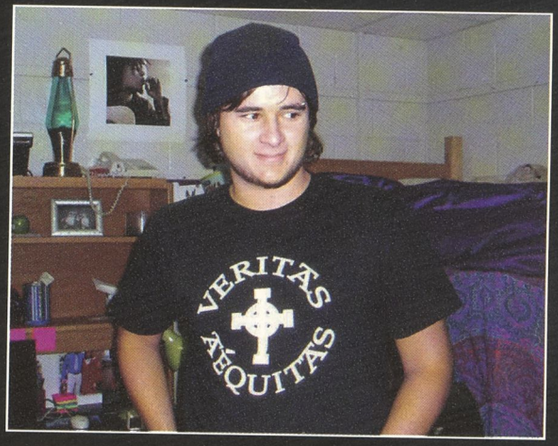
g pong.

Below: Rachel Thomas relies on Craig Ebersole so much that she even makes him walk for her now.

"South is one of the nicest dorms to live in if you are an upperclassman. Students who live in South are very sociable and outgoing. There is always something going on here during the week and weekends."
-Marc Staudenmaier

Below: These fellas know that living in South is the best...hands down.

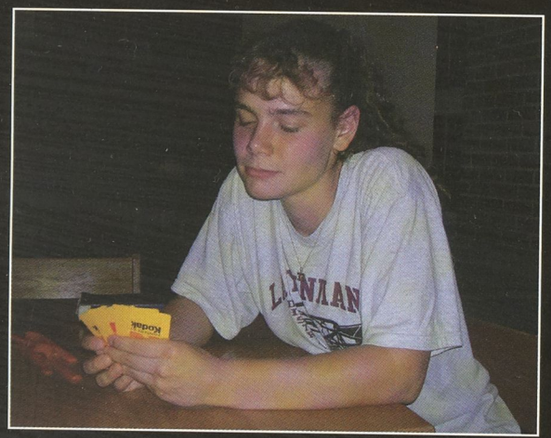


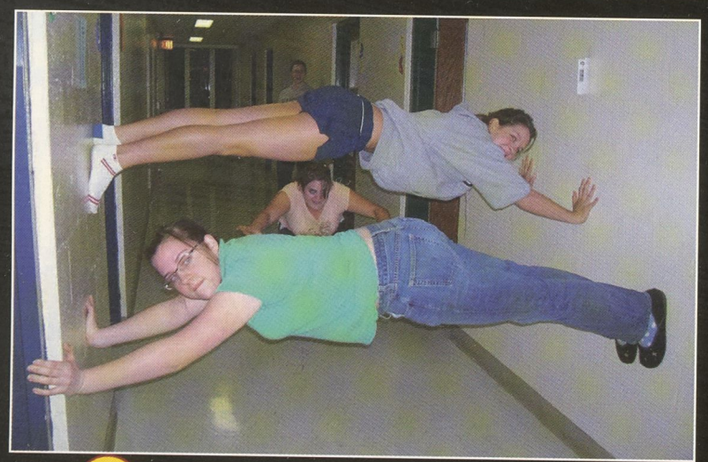


Above: A lava lamp, Bob Marley poster, and a suspicious look...what are you up to, Wes Reel?

Left: This guy is big enough for sophomores Katie Huet and Pam Mansell to share!

Right: It's time to get your groove on! Sophomores Erin Johnson and Amber Thomas sure are as they try to learn the dance moves to "High School Musical."
Below: If sophomore Candace Bard is falling asleep during a game of rummy, she is really going to have problems when it comes time for finals.





Above: Katie Heugel and Erin Satterthwaite show off their new found Spiderwoman powers as Sara Smith makes an attempt to get by.

"Sunderland is awesome because the people that live here are really friendly and we have a lot of fun! I especially like the girls on my floor because they are so crazy!"
-Candace Bard

Above: Freshmen Mike Pitts and Nate Durkin manage to stay in good spirits even through rough exams, brutal papers...and shaving cream incidents.

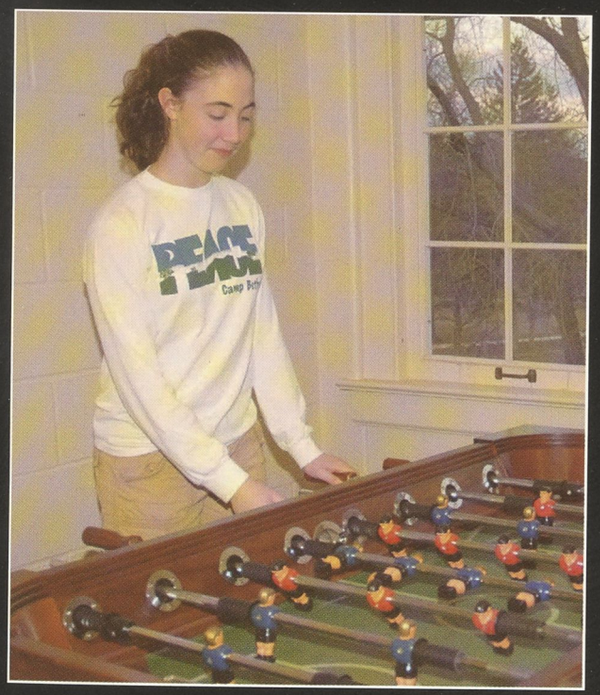
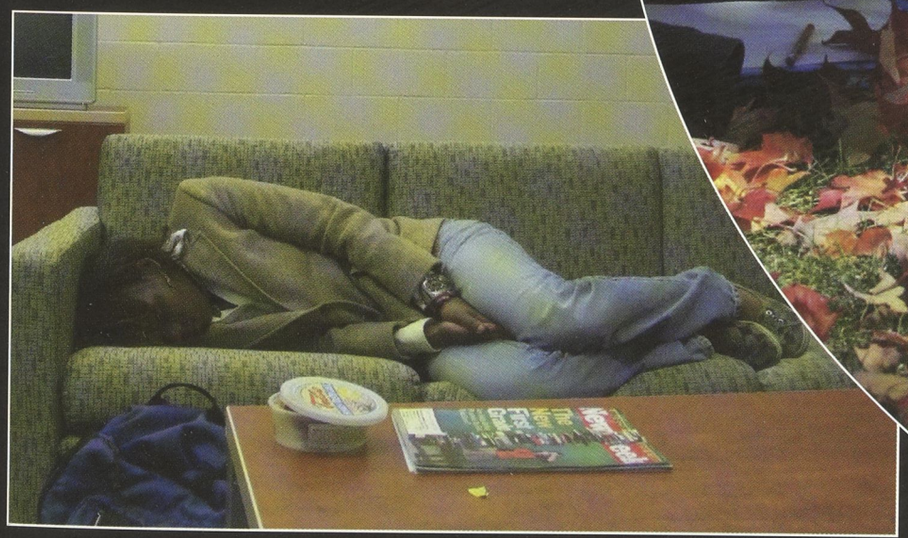
Campus Hot Spots

Below: Did you know there was a foosball table in the Student Union? _____ did and she's enjoying it!



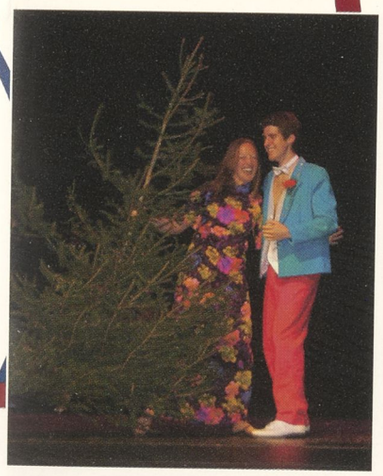


Above: Hey, I thought the new Student Union was about unity, I guess senior Bobby Wadud is sleeping on the idea.

Right: Fall leaves may provide a colorful study environment for junior Anna Libby, but she has to focus extra hard to ignore all that crunching.

Rugby teams satisfied their classmates' sweet-tooths (sweet-teeth?) by continuing the maple syrup chugging contest at Lobsterfest.

Springfest's mud volleyball is Juniata's way of ending the school year with some good clean fun.



JUNIATA TRADITIONS

Change is good... except for this stuff!

Jennie Rinehimer & Caitlin Hinson

Ellis was as cramped as the Baker lobster pots when the students attempted to stay dry for Lobsterfest. Clubs utilized every nook and cranny of Ellis in order to recruit new members into their folds. The newly-formed zoology club won the award for the most creative table, complete with live snakes and lizards.

The class of 2010 created a new approach to Storming of the Arch. The freshmen tried to coordinate their arch attack using mass e-mails, flyers and early morning meetings. One freshman utilized Mother Nature's forces by covering his entire body with poison ivy. Another stormer attempted to conquer the archway by covering herself in personal lubricant. However, the youngsters underestimated the strength of the rugby teams, as well as veteran stormers, and were unsuccessful... as usual.

For the second year in a row, Juniata students used their psychic powers (or maybe inside sources) to correctly predict one of Juniata's most anticipated traditions. Mountain Day had a wild west theme. And many faculty, staff and students were left yelling "Howdy, partner!" from across the water from the actual action at Canoe Creek when their buses and cars took one wrong turn after another. Apparently the real secret of the day was the correct directions. The west was brought to the east by incorporating bull riding and hay bale tossing into the day's events. The tug-o-war battles remained an action-packed must-see.

Juniata's finest men competed for the Mr. Juniata crown. Competition was brutal throughout the evening, but in the end, sophomore Casey Chew impressed the lovely Donna to win the title.

Not only were the Christmas bells ringing, but so were the wedding bells at Madrigal. Nick Wade surprised his leading lady, Courtney Kosanovich, when he got down on one knee. Dwight Bard also caught Allison Estright off guard with a holiday proposal. Now THOSE are some golden rings!

Banning strict censorship aided in the revival of the recently slacking All Class Night. Main themes included remembering your gold card and the "cute" lamps banned from dorm rooms by Residential Life due to a fire hazard. The sophomores' skit left them in "jeopardy" and they settled for last place. The night concluded with the victory of the senior class (shocking).

Unseasonably cool weather didn't deter JC students and alumni from socializing and enjoying the tasty beverages at Pig Roast. Spirits remained high (perhaps TOO high) as the day concluded with the stampede of students pushing and shoving onto the last buses to return to campus. As eloquently stated by The Juniatian, "Thumbs down to the hired bus driver at Pig Roast who ran over a student's leg at the end of the day. Who knew the only traffic accident linked to the event would be committed by the only sober person there?"

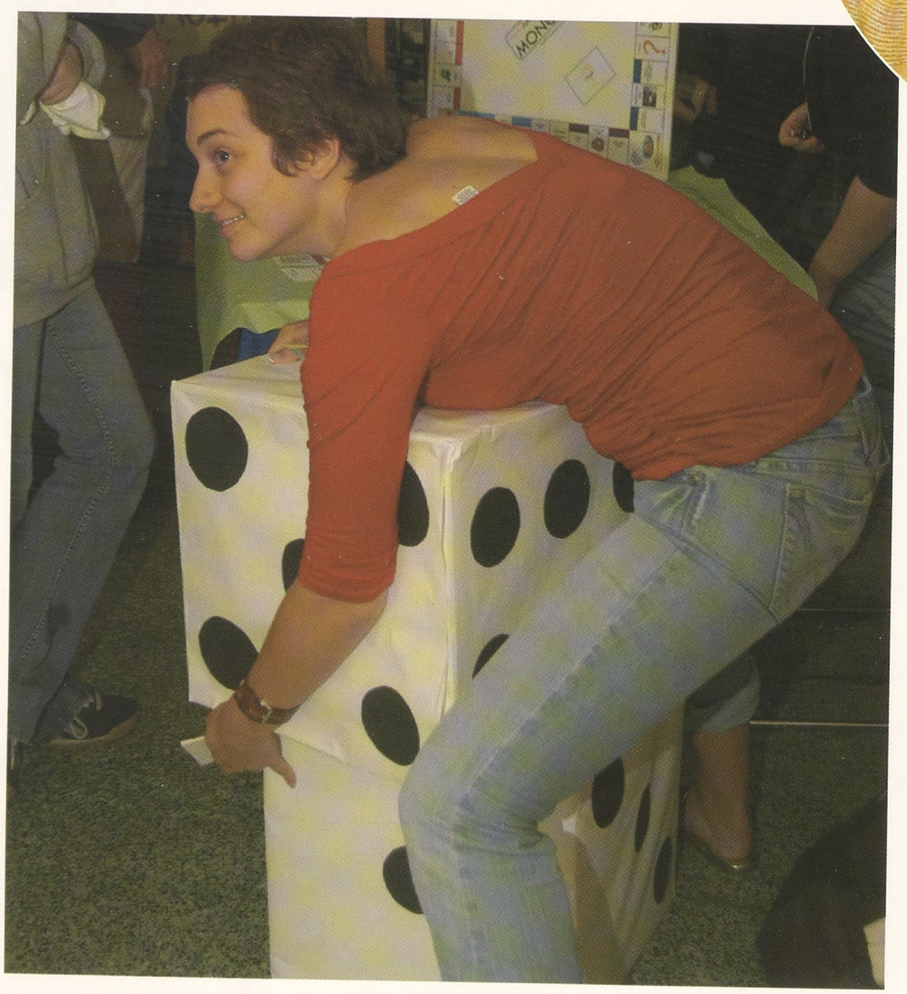
Dorm halls were littered with muddy clothes and sneakers thanks to the ever-popular mud volleyball tournament, marking the start of Springfest. Campus was alive with activities including Giant Monopoly and Relay for Life. The long-awaited arrival of temperatures above 60 degrees brought students out in full force to enjoy the entertainment provided by three different bands, an inflatable obstacle course and the gladiator joust.

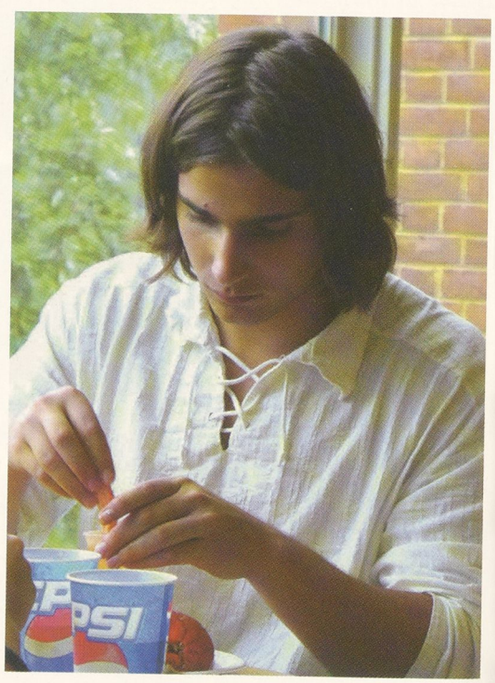
May Day was a festive event where students, faculty and staff gathered to celebrate the year and the people that made it memorable. Outstanding individuals included first time winners such as Jen Jones (Unsung Hero), Imane Tounsi (Senior Woman of the Year) and two-time winners like Mohammed (Mo) Khoshnevisan, who was voted the senior man of the year.

"I think traditions here at Juniata are unlike that of any other school. They help freshmen become involved in student life, but they also help seniors give a final fare well." —Mandy Tennis, Class of 2008

LOBSTERFEST

Left: Juniors Peter Bullock and Mike Zanic still need to learn not to play with their food.
Below: Looks like freshman Roy Holm should be on "Fear Factor" rather than at Lobsterfest.





Left: What exactly are you doing with those dice, Heather? Trying to get lucky?
Above: Senior Pete Patitsas is a brave man to eat lobster while wearing a white shirt.

EAGLES ATHLETICS

Exiting the MAC in Style

Bobbi Rickenbaugh & Evan Heisman

Considering this was Juniata's final year in the Middle Atlantic Conference (MAC), it seemed fitting that our athletes went out with a bang. The decision to leave the MAC was made by Juniata administrators in favor of competing in the Landmark Conference which will include colleges and universities that match our academic and athletic expectations. The final year in the MAC year though was a record-shattering one for many teams and athletes.

Most notably, in women's volleyball, Larry Bock was named Coach of the Year and seniors Rachael Schatz and Steph Kines led their team in one of the gutsiest come-from-behind runs in Juniata history to claim a second national championship. (That's right *two* NCAA titles. Steph counts for us above). Men's volleyball made history as the seven seniors won their fourth consecutive Molten title.

Juniata volleyball houses the best teams in volleyball and the best individual players as well. NCAA Division III Players of the Year for the '06-'07 season were Kines and sophomore Matt Werle.

On other courts, head men's basketball coach Greg Curley was awarded Co-Coach of the Year, and for the first time in almost twenty years, the men's basketball team earned a berth into post-season play. The Eagles won a playoff game for the first time ever, and hosted the Commonwealth title game. Although an improbable (and heart-breaking) buzzer beater ended our dream MAC run, the team impressed coaches enough to earn an invitation to play in the ECAC tournament.

Juniata heated things up outdoors as well. In field hockey, Kim Wagner set a new school record of 31 goals in a single season which helped to fuel the Eagles into Commonwealth semifinals along with their bid into the NCAA tournament.

For the second-consecutive year, our men's and women's cross country teams placed third in the MAC Championships. And track members Randy Anderson, Kyle Mazur and Kelsey Buffenmyer each accomplished an outstanding feat by qualifying for NCAA championships; Anderson placed fifth in his event.

Also making the conference playoffs for their second consecutive season was the men's tennis team and the swim team had another great season, finishing fifth overall in the MAC. The Eagles also received many All-American honors. Jeremy Barndt, Nate Ocasio, Matt Fritz, Matt Werle, Randy Anderson, Kim Wagner, Bobbi Rickenbaugh, Steph Kines, and Amber Thomas were all placed on different All-American teams for their phenomenal play in their respective sports.

A ridiculously long (and hence unprintable) list of superb JC athletes were recognized for All-Conference honors this year.

In addition to many outstanding performances on the courts and on the fields, Juniata is also known for having athletes who step up in the classroom. The field hockey team was awarded the Team Academic Honor and 13 players were placed on the NFHCA Division III National Academic Squad. The women's and men's soccer teams were awarded the Team Academic Award from the National Soccer Coach's Association. Randy Anderson was the recipient of the 2007 MAC/CAC Men's Indoor Track & Field Scholar. We also had an astonishing __ student athletes make the MAC honor roll.

As Juniata moves into the Landmark Conference, we can't help but feel a little sorry to be leaving the MAC. But we feel even more sorry for the new teams that have to deal with Juniata athletes, who keep striving for greater heights... using toppled foes as our stepstool.

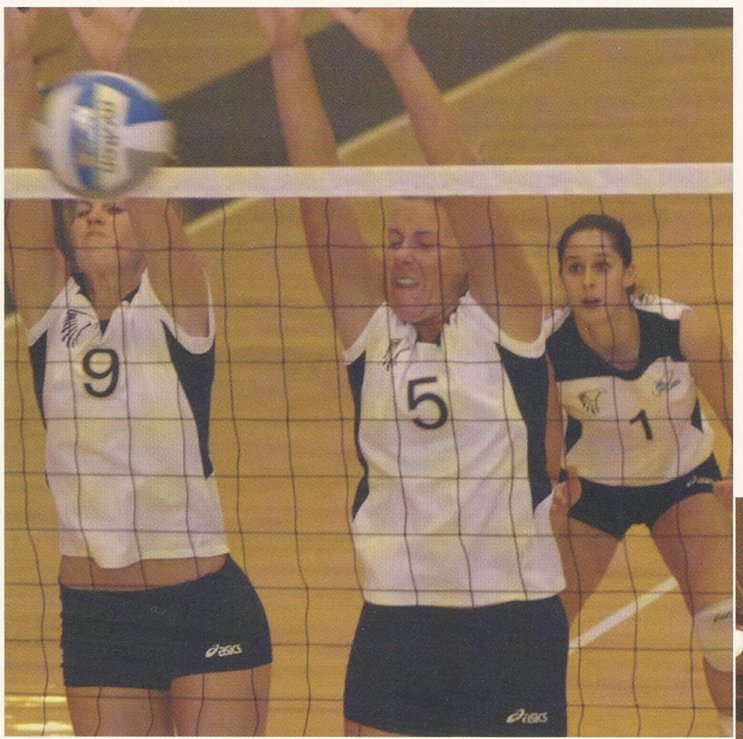
"Being an athlete is being part of a family. There is strength, support, and passion found within the bonds of a team that is unmatchable. I will never forget what it felt like to play, laugh, cry and win with my best friends."
-Steph Kines

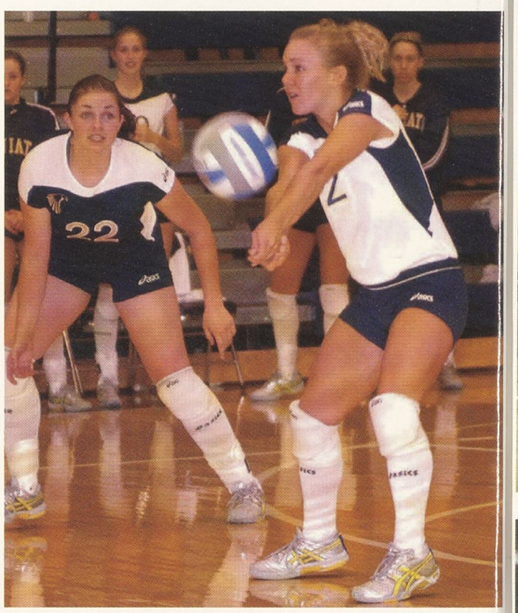
WOMEN'S VOLLEYBALL

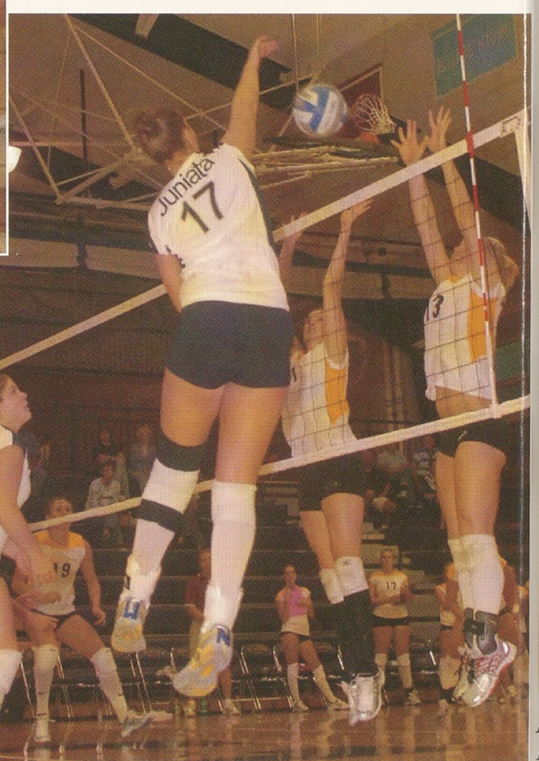
"We could never put into words our experience as Juniata volleyball players. A dream - so surreal, but so real. We lived that dream and we will never forget it. – Stephanie Kines

Two Outta Three Ain't Bad

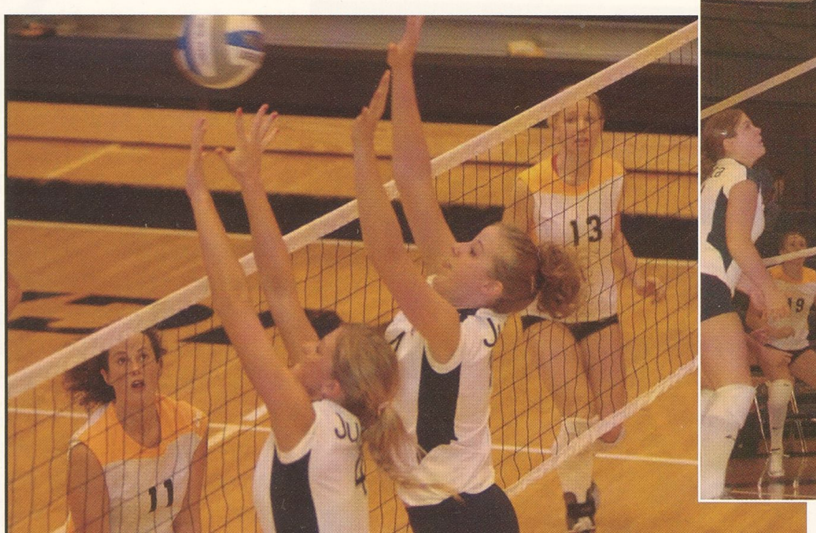
Left: MAC Rookie of the Year Paige Johnston (9) and Division III Player of the Year Stephanie Kines (5) double up for a monster block.
Below: Molly Sollenberger (2) and Kristi Fitzsimmons (22) are always in perfect position for the pass.







Above: Senior Rachael Schatz elevates and pounds the ball for a vicious kill.



Above: When junior Aly Pompeani and sophomore Erin Albert teamed up for a block, opponents were better off just hitting the ball directly out of bounds.

Ready, set, roll! You would be surprised to find out that these foam dice are actually quite heavy, but the upperclassmen used their muscle to dominate the board.

The JC Step Team came out of the blue this year with amazing moves that they choreographed in the secret depths of the racquetball court.

CLUBS & ORGANIZATIONS

New Horizons and Old Favorites

Whitney Rhodes & Kelly Crosset

For Juniata clubs, this has been a mixed year of brand new events, once every twenty year events and some good old annual favorites. The number of Registered Student Organizations (RSOs) this year reached a total of 91, all with different missions and activities showing just how diversified Juniata students can be.

Twelve of the 91 clubs are new to the RSO list. A few of these include: JC Step Team, JC Slackers, Knitting Club, Club Mediteranno, Channel 98 and Social Dancing Club. They are all off to great starts, bringing entertaining events with all kinds of twists. They offered everything from "Juniata Idol," to gyro smells in Lesher, to helping the students learn new and unique skills with needles and a slack line.

Where were you up late on a Friday night? Many students could be found at this year's new addition of the "JC Up-Late." Participants from the Health and Wellness, Campus Door, Channel 98, the J Crew, JAB, WKVR, men's rugby, psychology club, rock climbing, Laughing Bush, and Juniata KNOWS all made this new event a huge success. From the battle of the bands to the man auction, this new event brought energy to a sleepy college town.

A host of students turned out donning black and white formalwear for JAB's major event this year, Classical Collision. The highlight of the dinner was not the food itself, but the illusionist that wowed the minds of those who attended. The featured entertainers, Black Violin, who brought a fun, new twist to classical sounds of violin with the funky beats of hip hop, was the favorite of the night.

Giant Monopoly is a major event and club that is not new, but exclusive to this year. Confusing? Maybe. A Juniata exclusive? Definitely. In 1967, Toby Dills, an upperclassman known for his pranking antics was also a serious Monopoly player. Apparently students once played "marathon Monopoly games" as their form of fun and procrastination. (Yes, 1967 was a long time before XBox and Facebook).

Dills and company thought they could turn campus into a giant playing board. And that's just what they did. The game, both wild and heated, drew national attention from Parker Brothers itself. The game is to be played every 20 years on campus as Juniata's most infrequent tradition. So senior Kathleen Candando and the Giant Monopoly club led the campus past GO! and let the foam dice roll again in 007.

The upperclassmen (The Battleship), the underclassmen (The Horsemen) and the alumni/faculty (The Moneybag) teams battled to gain the most property. After many hours of playing (just like a real Monopoly game), the upperclassmen came out on top, while the alumni went bankrupt and didn't even acquire one monopoly. Despite the foam dice falling apart every third roll and the constant confusion about where exactly each team was on the board, everyone stuck it out to this finish (unlike a real Monopoly game).

"I think that Giant Monopoly is a great club and tradition to commemorate every 20 years or so because it is kind of crazy, like a lot of other Juniata activities."
Kathleen Candando

Major events celebrating the diversity on campus included: Fiesta Latina, Chinese New Year and Eid Dinner. The popularity of these celebrations showed students' willingness to embrace other cultures.

This year JAVA sponsored its third annual Relay for Life at Juniata. Cancer survivor and Juniata student, Erin Dodson gave a powerful speech to open the race. She said, "My doctors told me that 20 years ago my type of cancer was untreatable. That's a big difference in research and technology...and it shows how far we have come and what a difference we can make. I'm here. I'm the difference in just 20 years." Relay was a success, raising over $13,000 that was donated to the ACS in hopes of making strides for more Erin Dodsons around the world.

In all, Juniata clubs made us dance and debate. They made us hold onto religion and hug River Rats. But most of all, they made us listen and laugh and leave our hectic study schedules behind...at least for a little while.

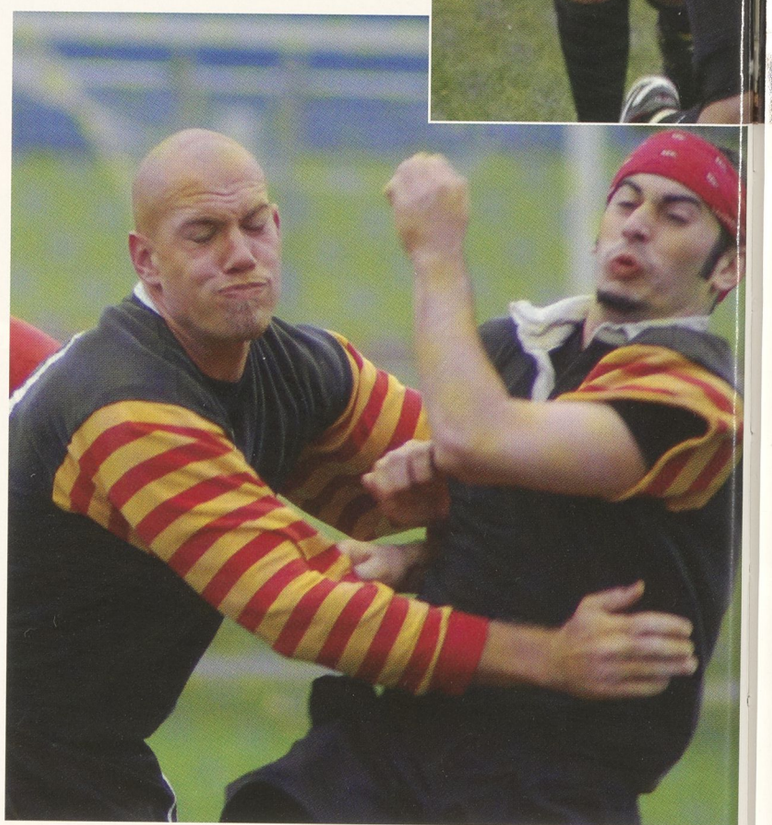
Right: Jackie, stop looking at people on the sidelines. Just RUN!

Below: Allie Phillips puts on a dress and suddenly rugby becomes a ballet.

Below: Frankie better have abs of steel if he has dreams of scoring.

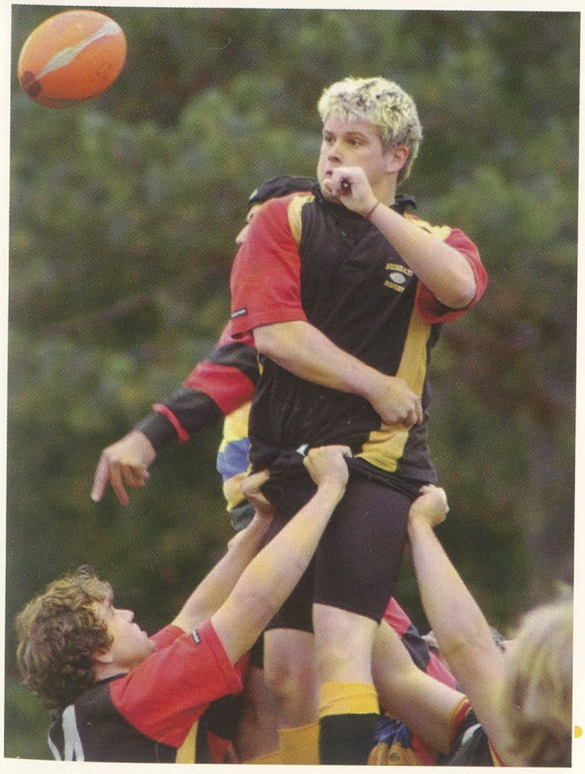
Above: Is that Alison Earnhart or the Hulk running wild at Juniata?

Right: Faces only a mother could love...



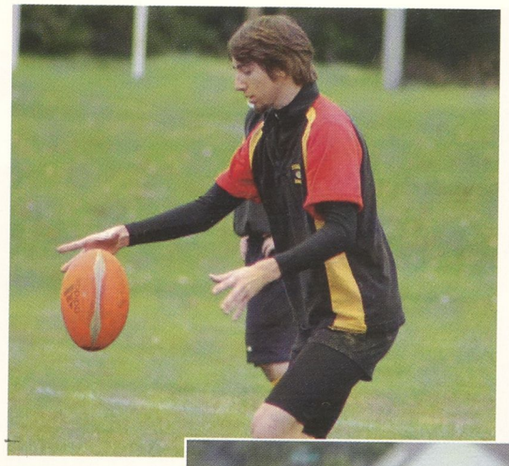
Above: John Marsh
calls it teamwork? Y

Men & Women's Rugby



Above: John Marshall used to call this a wedgie. Now he calls it teamwork? Yes, rugby *is* a hard thing to figure out.

"Well first off, rugby isn't a game, it's a way of living. You play it because you love it and you keep playing because your heart's in it. That's why we are all family." Jackie Atkins



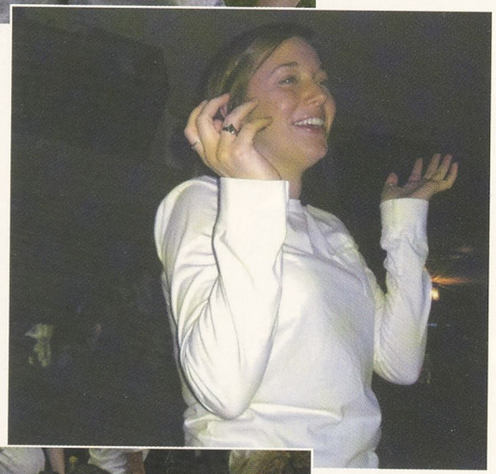
Left: Zach Stoll performs a magic trick on the field.

Right: Rugby players make one mighty wall of women.

Left: Since when do River Rats wear hats?

Right: Junior Shannon Resenhoeft hates the color red.

Left: JAB's Heather Wolfe and Rachel Domoff show off their grillz.



Right: Let's hope this isn't the expression treasurer Joy Galuschik makes while she's keeping the books for JAB.

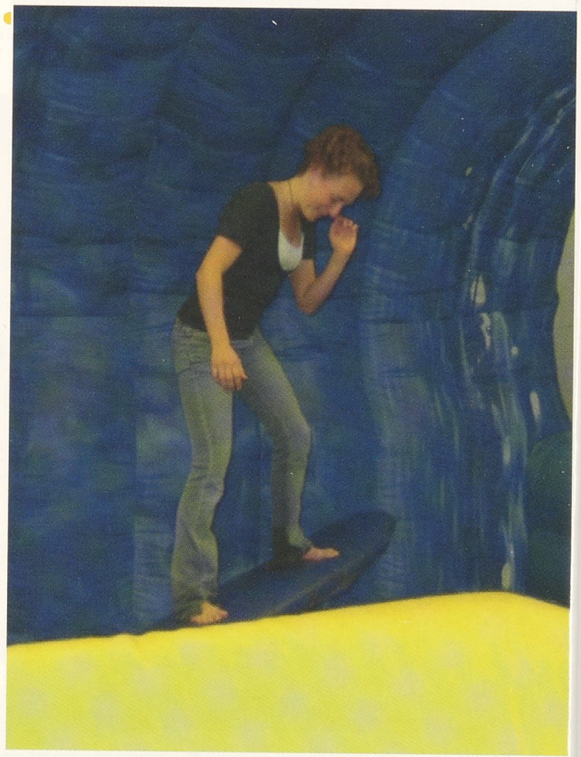
Left: "You can do it--put your back into it!"

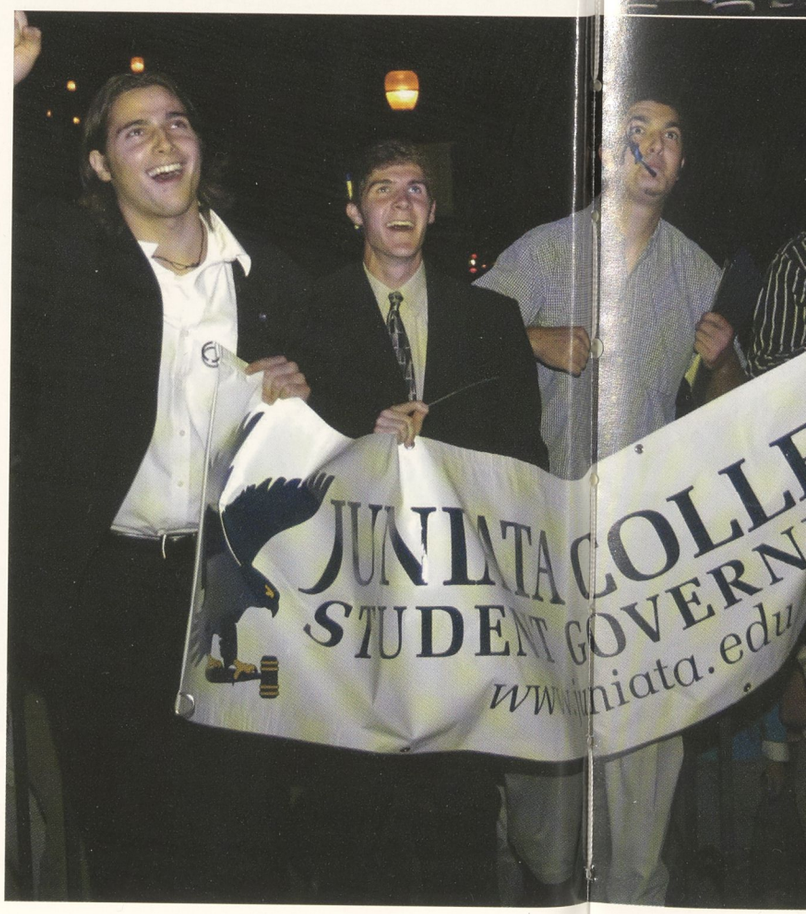
Right: Yes, Shawn Rumery, that wild artwork behind you made us throw up our hands, too.

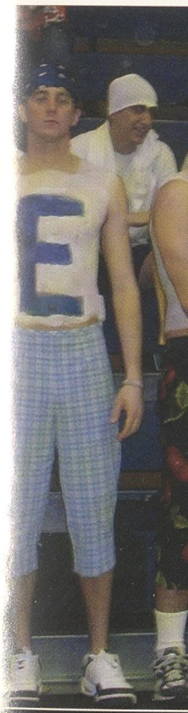
"Twenty-five thousand dollars, an MTVu Concert, and all the sustainability we can handle... How do we do it? We supply them with the multivitamin of sustainability: Juniata College.

-Demetri Patitsas, Student Govt. President

Below: Looks like JAB's Coffee House co-chair, Kelsey Brewer, is having a surfin' good time.

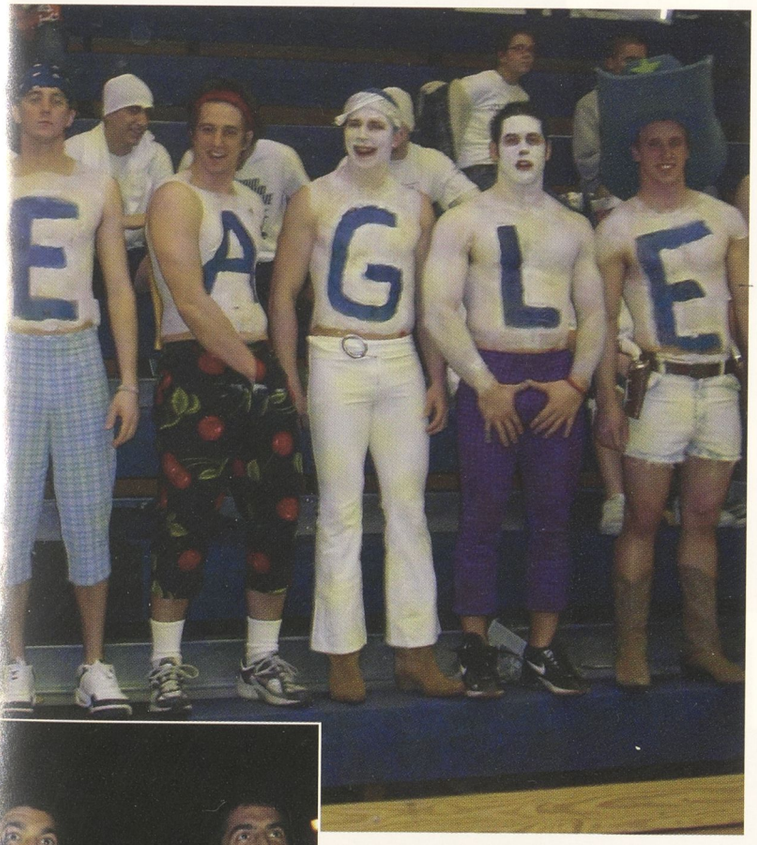






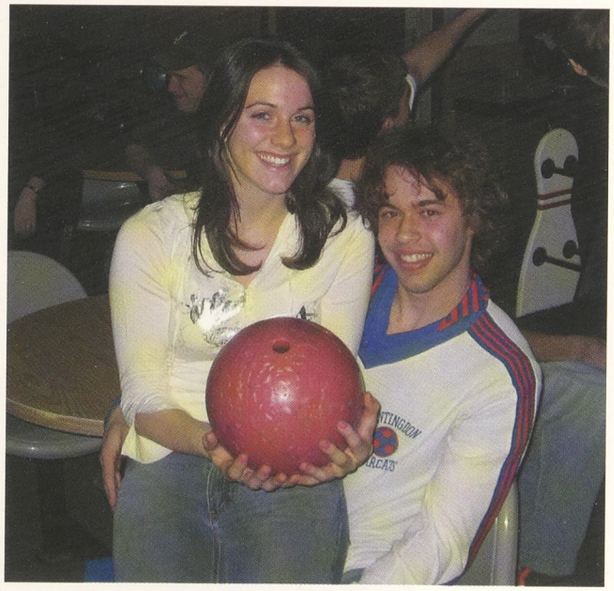
-chair, Kelsey

J-Crew, Juniata Activities Board & Student Government



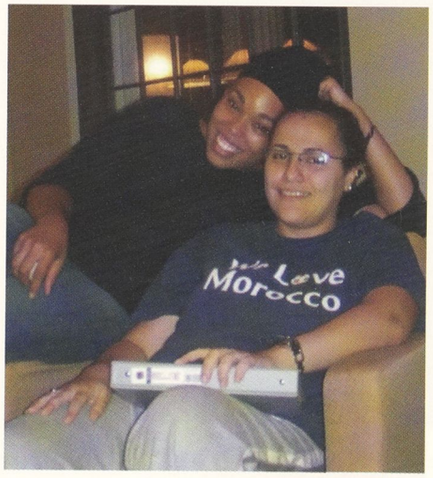
Left: This is why they wear gowns at graduation!

Below: Breaking news...JC rocks the house!

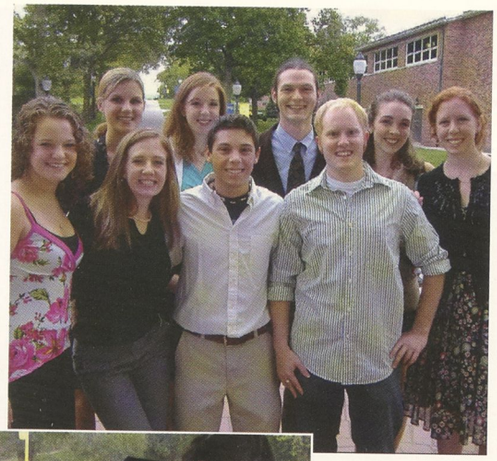


Above: Aaron Rhodes showed Grace Harney such a good time at the JAB bowling event that they had smiles to spare.

Left: Looks like these guys are having a grand old time ushering in another student government-led change to campus!



Above: Student government VP Rejane Frederick makes it a point to stay in close contact with her people at all times.



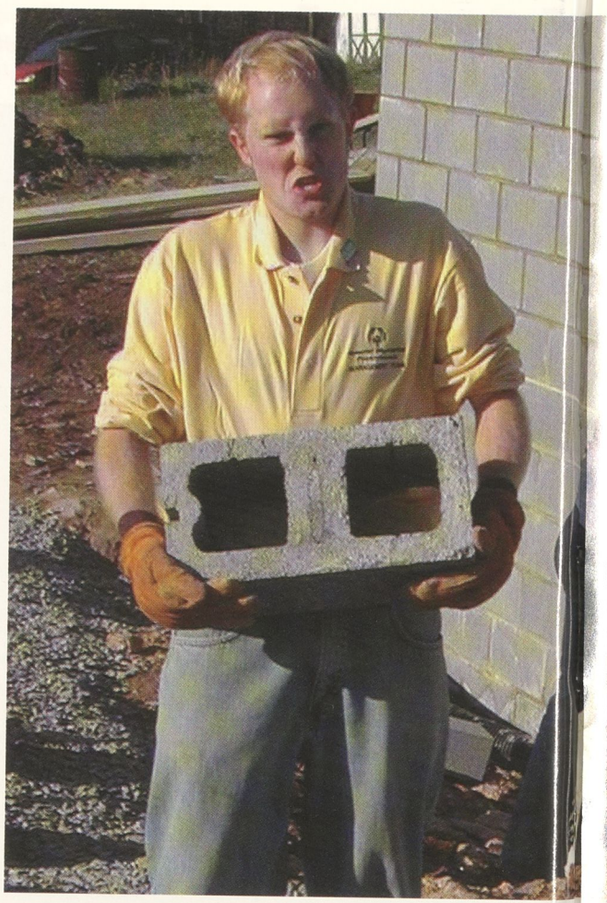
Right: Aren't these Habitaters a little too dressed up to be building a house?

Left: Big sis Lindsey Merilli teaches her young Picassos how to customize their very own bowls.

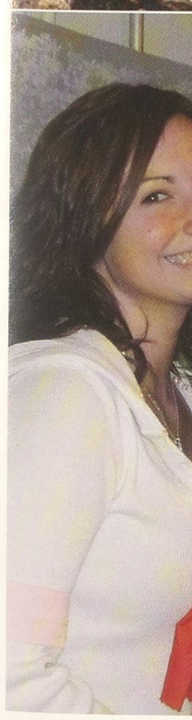
Right: So, thanks to Habitat, we finally know what the Clarksons do on a Friday night in Huntingdon.

Left: Big sisters Ashley Hause and Morgan Riebel enjoy a Mexican meal with their "Littles."

"The best part about being involved in an organization like Habitat for Humanity is having the opportunity to help others. I joined the club because I felt like I could make a huge impact along with my fellow classmates both in our community and beyond."
- Derek Morris



Above: Does Kathleen Candando know that those giant sunglasses leave wicked tan lines?

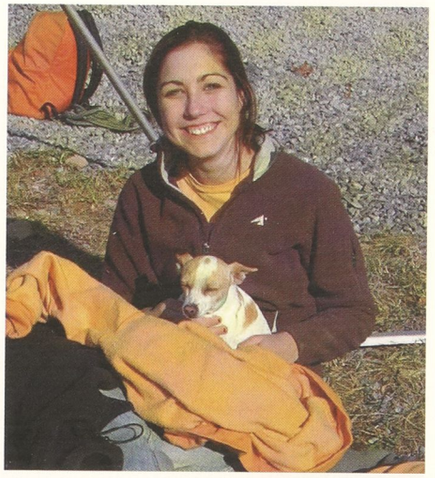


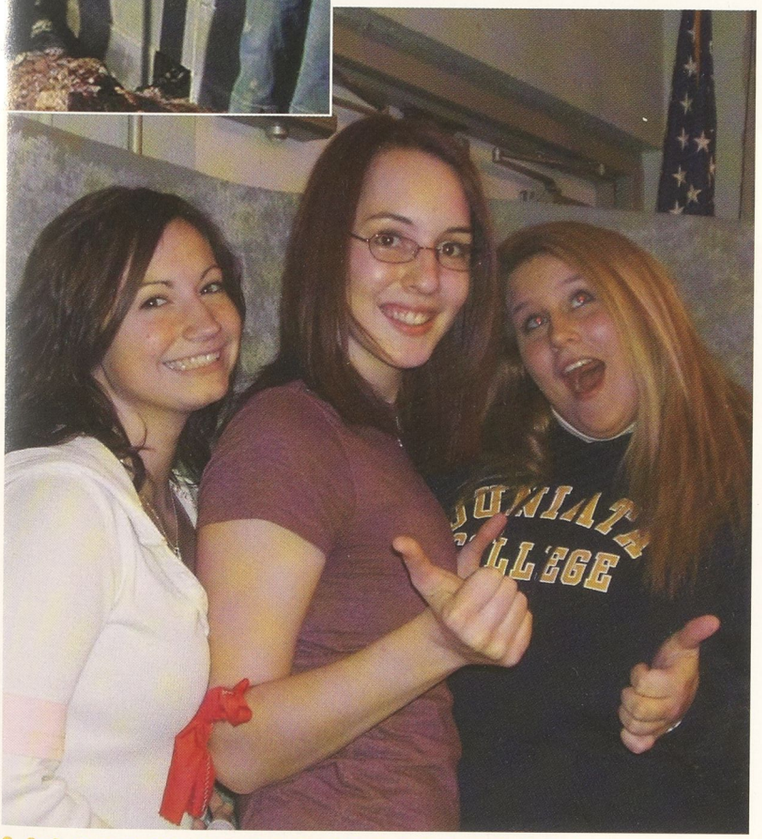
Big
K

t those giant

Left: Derek Morris carries one cinder block as Jenn Kendall holds up an entire wall. What is wrong with this picture?
Below: Alicia Shields and Nisha Pulimood trade in their hammers for spoons as they serve up hot chocolate for grateful Madrigal tenters.

Below: Habitater Tracy Mextorf not only helps families but furry friends as well!





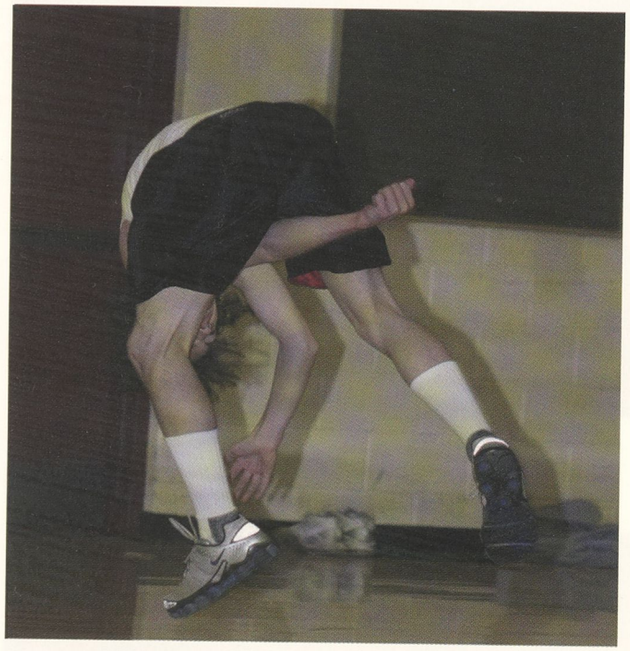
Above: Jen Jones and Emily Fitzgerald serve up a movie menu at Circle K's Midnight Movie Madness.

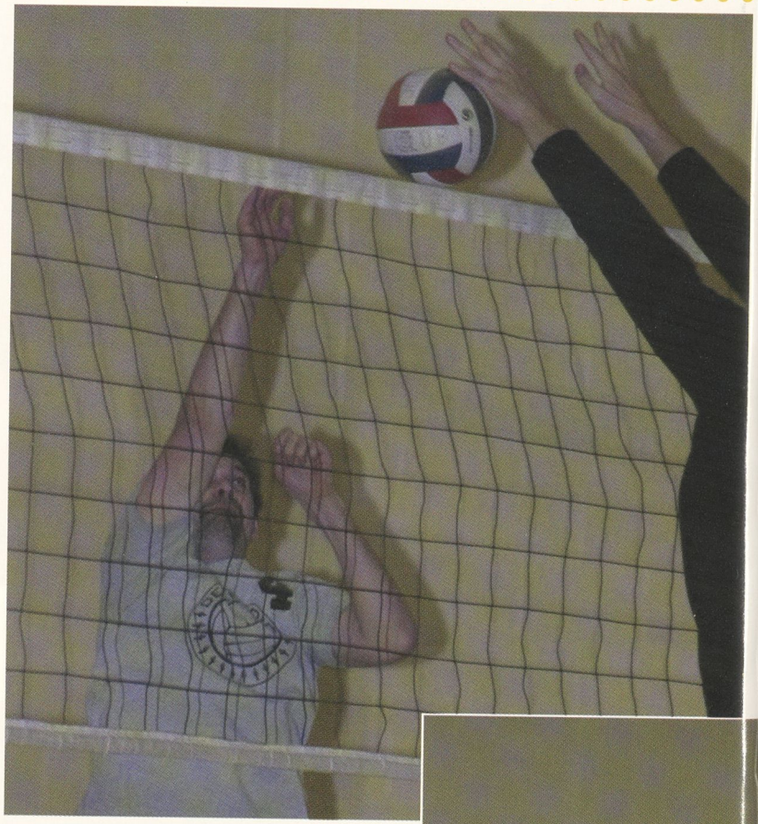
Left: Circle K members Liz Paisley, Kristin Brewer and Mindy Bozick give InterPACK 2006 a big thumbs up.

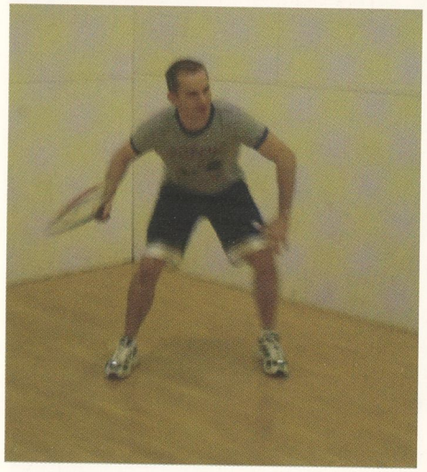
Big Brothers-Big Sisters, Circle K

Men's & Women's Volleyball & Racquetball

Right: Geology professor Ryan Mathur pulls out a crafty veteran move to school the students in the gym.
Below: The "between the legs" move is the latest trend among more flexible volleyball players.

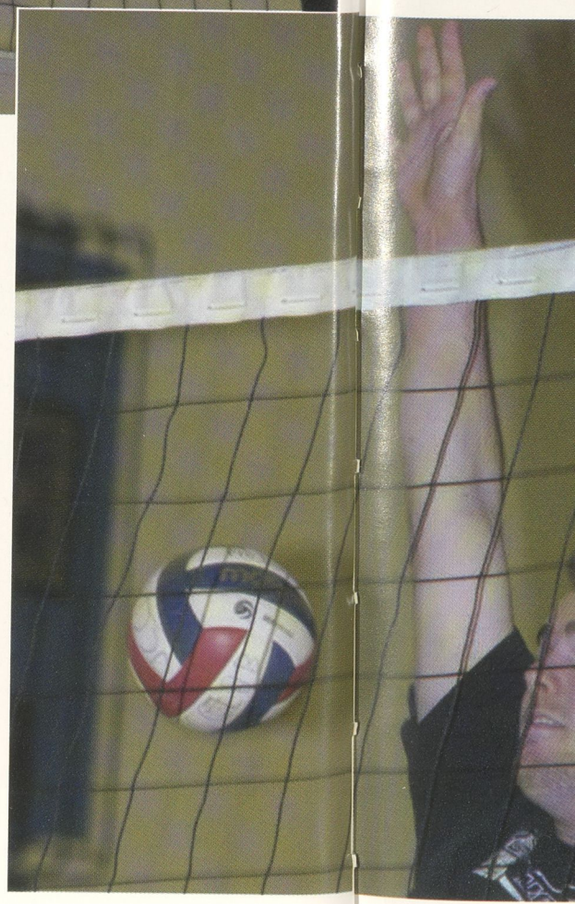




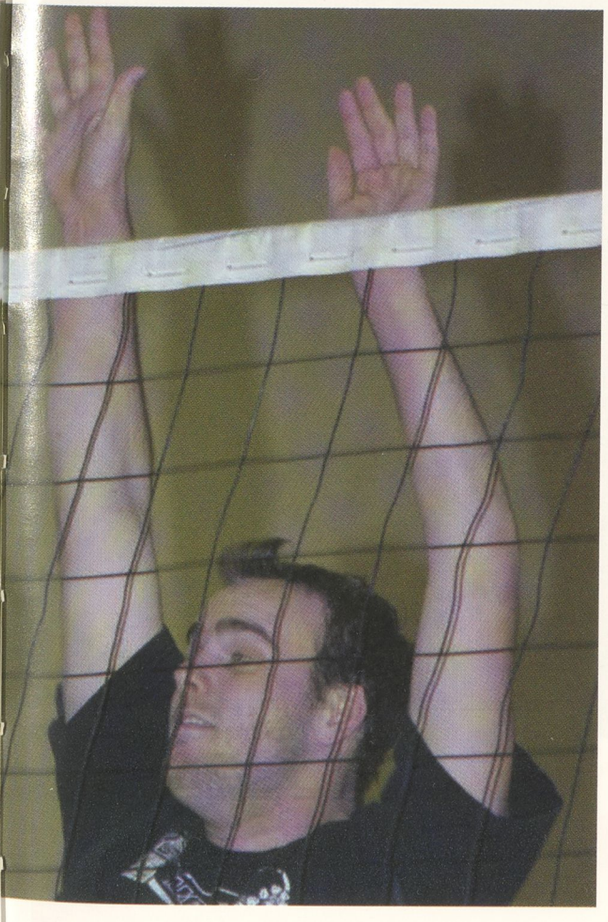


Above: Senior Ben Hoopes is considering going professional if the whole college thing doesn't work out.

Above: Watch that ball, Marty! That racquetball is faster than Juniata's computer network, you know.
Right: Perhaps you would be more successful if you put your hands up *before* the volleyball passes you by.

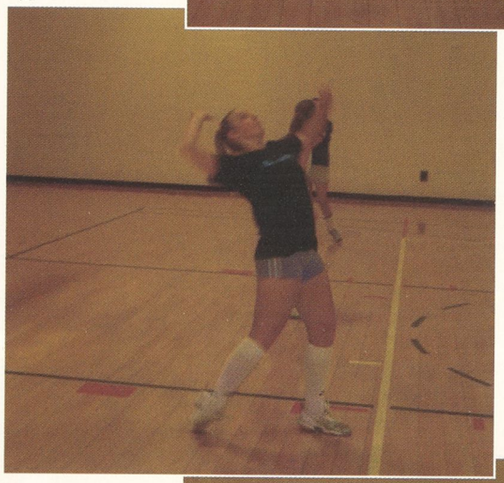


Below: With that much air, maybe you should consider basketball!

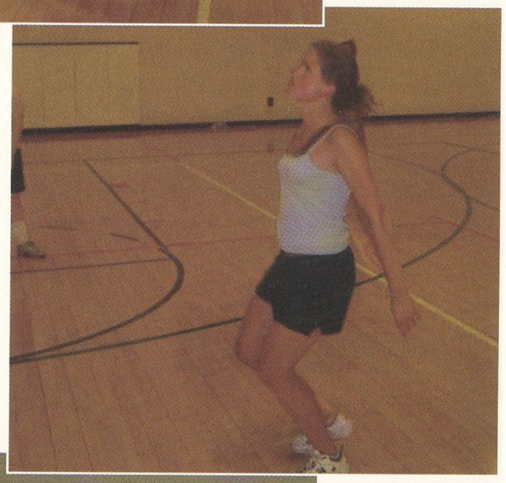


"I decided to join the volleyball club because I played competitively in high school and just wanted to play for fun in college."
-Alicia Shields

Right: Emilee Spokus knows that the higher the socks, the bigger the intimidation factor.



Left: Her background in ballet has helped Alicia Shields to perfect the "toe" method while serving.

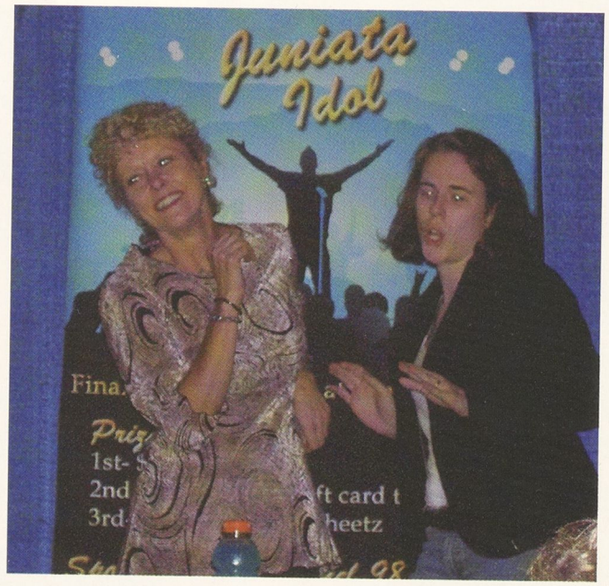


Right: Everyone agrees Elodie Barrois has a great spike, but they wonder about her follow through.

Left: You can definitely feel a breeze as this racquetball player winds up.

Right: It will take more than one bag of money to get you through Juniata!

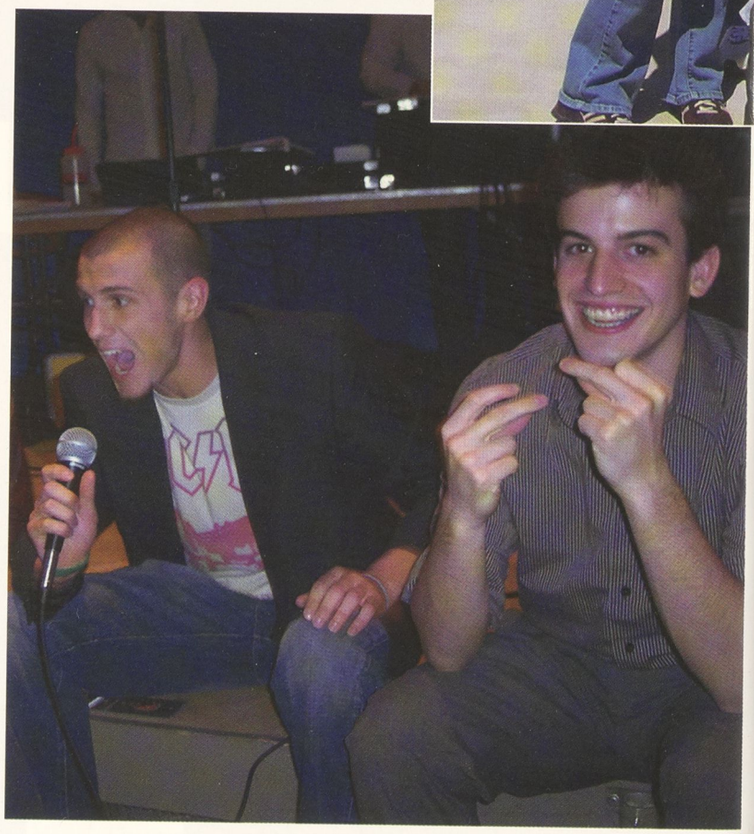
Below: P-Kep and Professor Amy Mathur get their groove on!



Below: This cowgirl's "gotta die!"

Above: Mandi Yeager felt like a "natural woman." And the spectators at Juniata Idol felt like voting her the winner.

Right: Competitors Dan Long and Adam Stanley show that Juniata Idol was a jaw-dropping, finger-snapping good time.

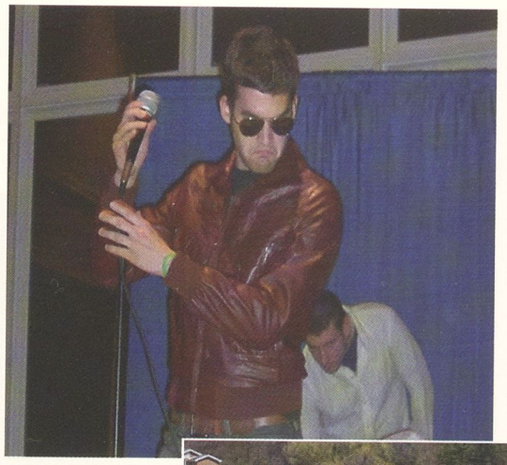


Above: "Yo dawg, you
Lisa Detweiler, you rea

Juniata Idol & Giant Monopoly

Above: "Yo dawg, your stage presence was phenomenal! Lisa Detweiler, you really brought the heat tonight!"

"Honestly, there is a lot that confuses me about the evening. I like to think that I did in fact not embarrass myself in white pants. But the even bigger mystery is why senior Kathleen Candando did not make it past the preliminary round. It's astonishing, really. Kathleen, I got your back." -Lisa Detweiler

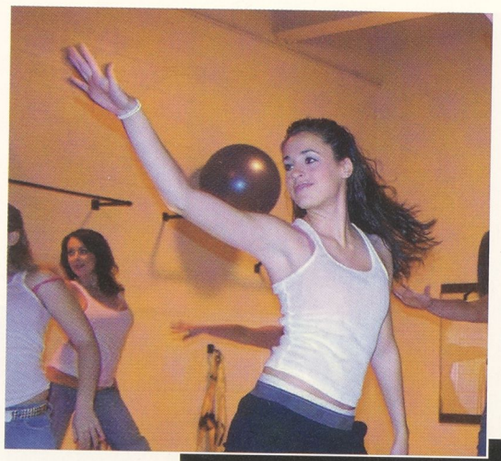


Left: Senior Brandon Long tries to compose himself after sharing a "moment" with P-Kep.

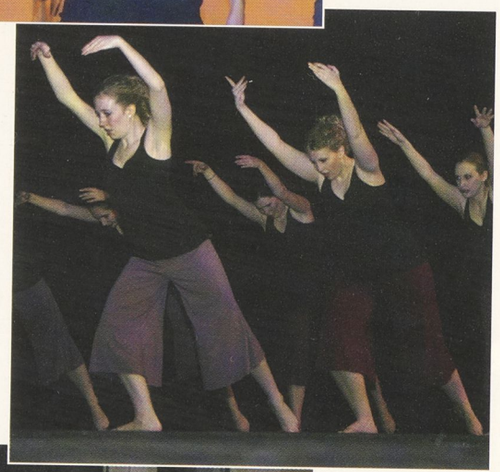
Right: These upperclassman sailors will do anything to keep their ship afloat as they sail toward Park Avenue.

Left: Sarah Svigals and Dan Grace watch as the dice are tossed from the pillars that flank Detweiler Plaza. Giant Monopoly is one of Juniata's traditions that is played once every 20 years.

Right: This may not be what Governor Rendell had in mind when he pushed for legalized gambling.

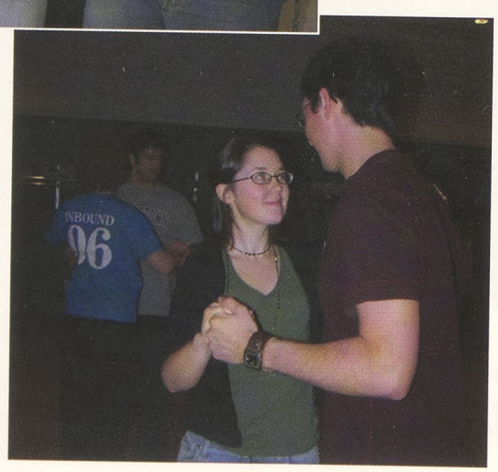


Left: Besides dancing, senior Evan McClennen also has a Globetrotter skill of balancing a ball on her shoulder.



Right: Junior Jess Saive and freshman Kalin Shipman prepare themselves for the next move in this year's contemporary piece.

Left: Junior Matt Lovell and his partner know he's a "playa" with his suave dance moves.

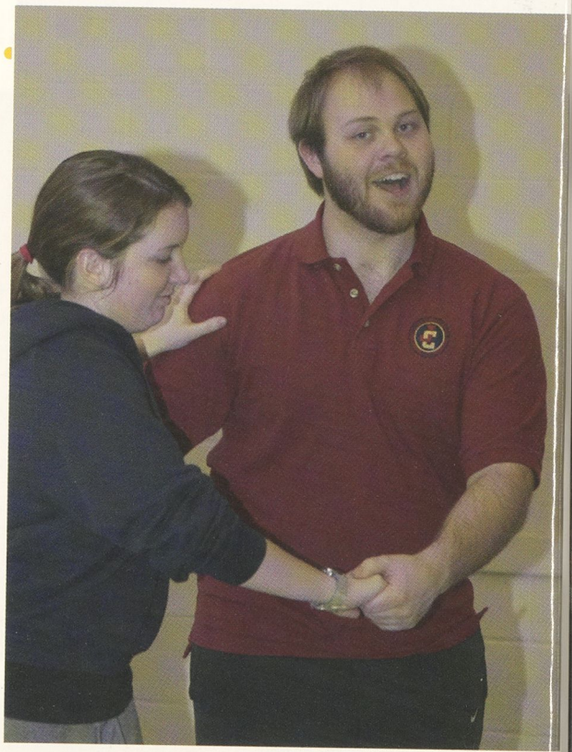


Right: Sophomores Kendall Ratliffe and Brock Swartz are so in love that they don't want to switch partners.

"Dance Ensemble has presented me with many great opportunities. I have met and become friends with people I otherwise would not have known. Also, I have been able to establish and teach dance classes for my fellow students."

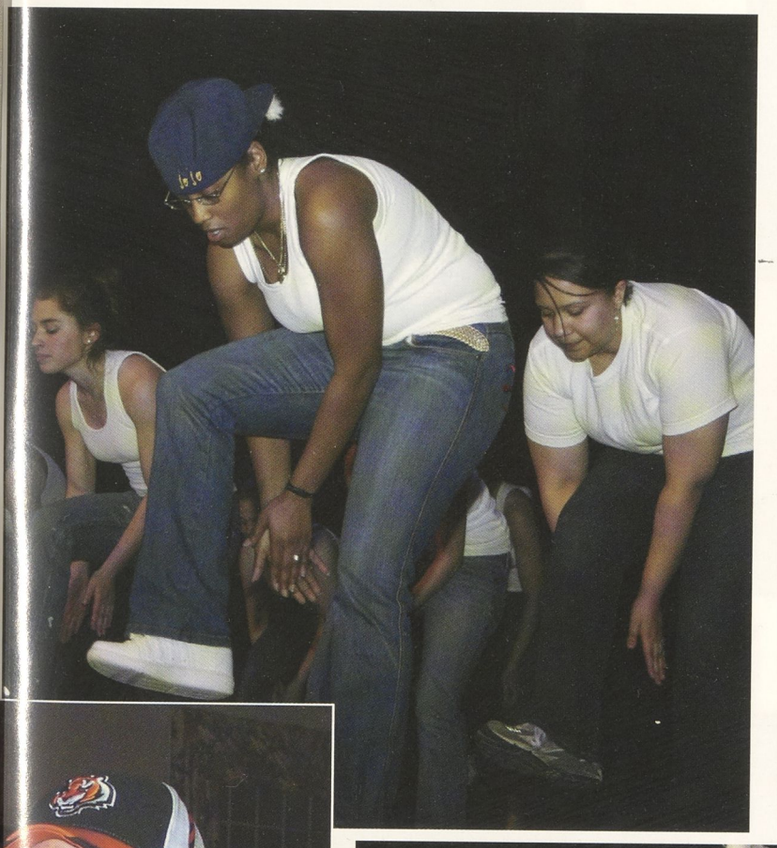
-Angela Ferrelli

Below: Senior Jon Hoey really should pay more attention to his partner instead of singing his way through the dance.

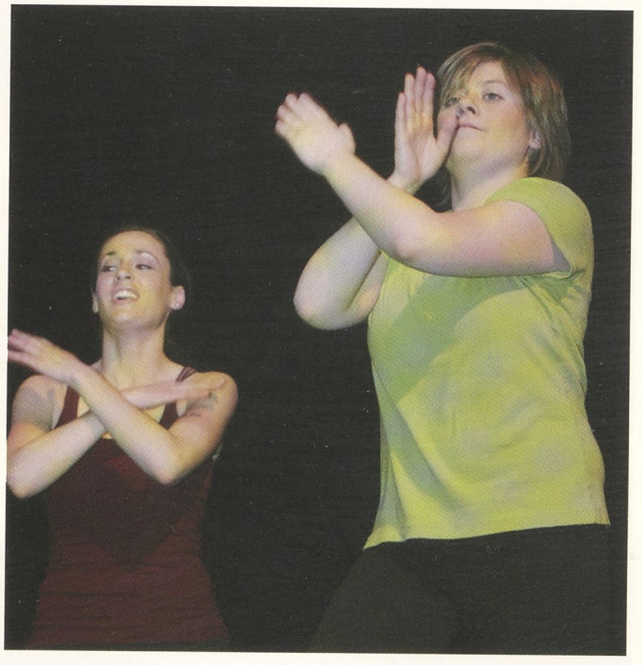


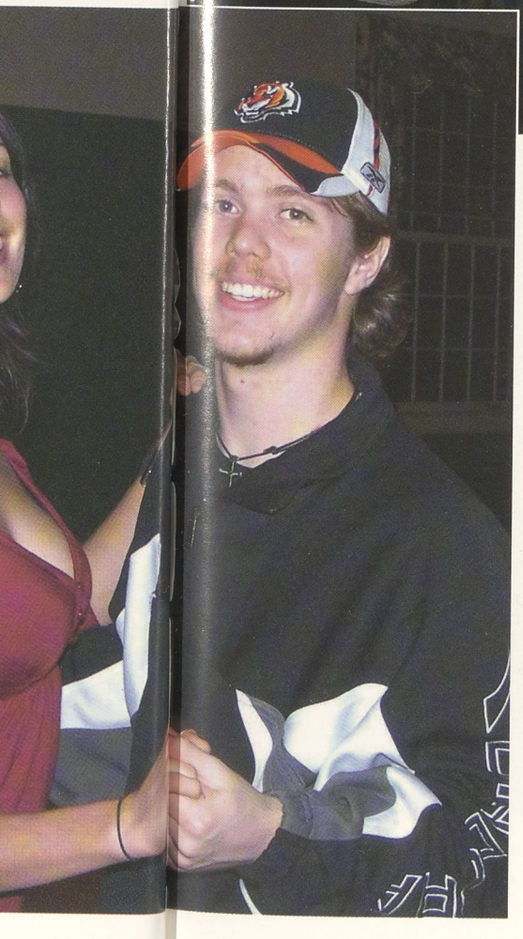
pay more attention
y through the dance

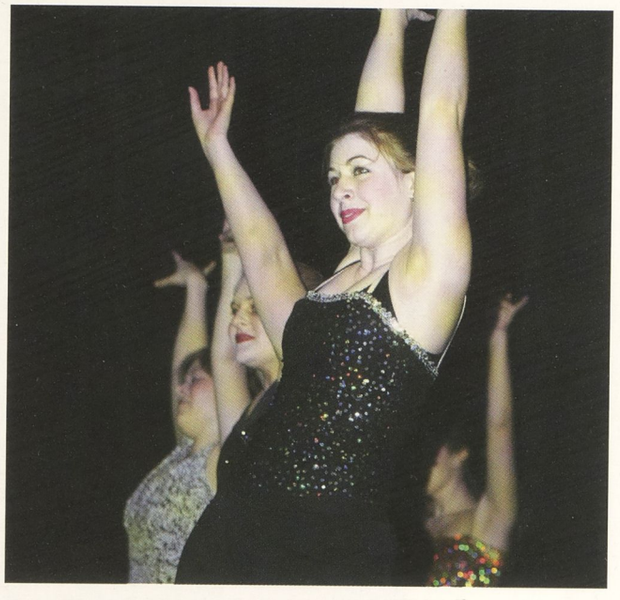
Dance Ensemble, Social Dancing and Step Team

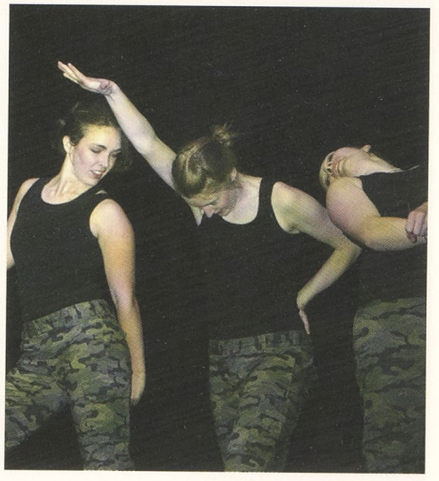


Left: Freshman Jojo Harris "steps up" in the new JC step team's first ever performance.
Below: Senior officers Evan McClennen and Rachel Meyer stomp their way through their last performance on the JC dance ensemble.







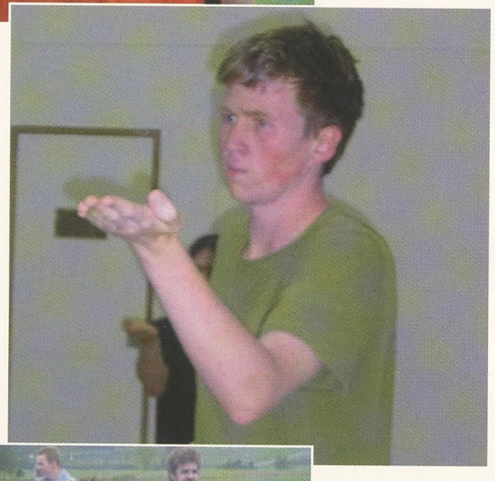


Above: Seniors Andrea Walkowiak, Regina Diehl and freshman Molly Dendas start a "fashion revolution" with camo capris.

Right: Although sophomore Patrick Donley may not be wearing proper dancing attire, he still tries to sweep Lucy Smith off her feet.
Above: Sophomore Angela Ferrelli attempts to dazzle the audience with her sequins and her moves as she performs her choreographed jazz number.

Right: What a beautiful swan dive by Ross McMann.

Left: Here's Joe Boyd with today's Ultimate Frisbee weather report.

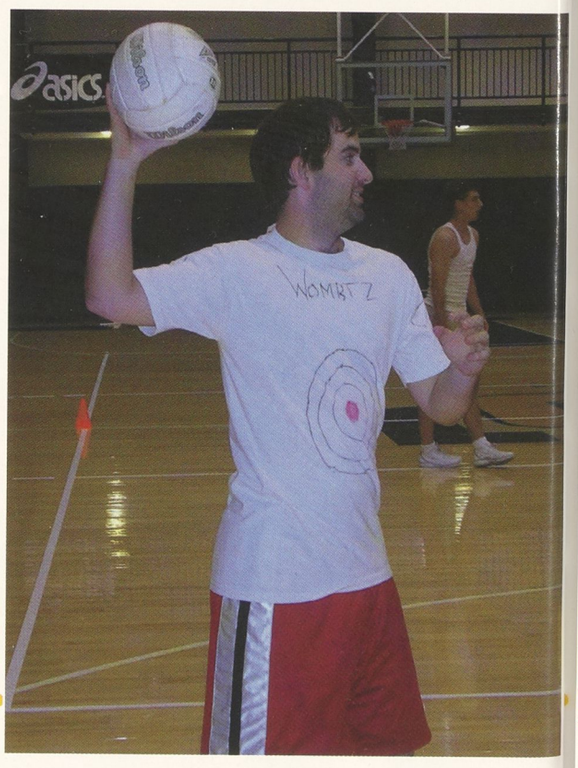


Right: Thomas Jefferies practices to be Pat Sajak's next "Vanna White" Give me a "Y."

Left: Hopefully sophomore Jordan Aoyama is just trying to distract the other team.

"The sweet thing about pool is that you don't have to be an expert to do it. My strategy is to hit the cue ball as hard as I possibly can each time and hope that something goes in. It works for me and that is all I need.

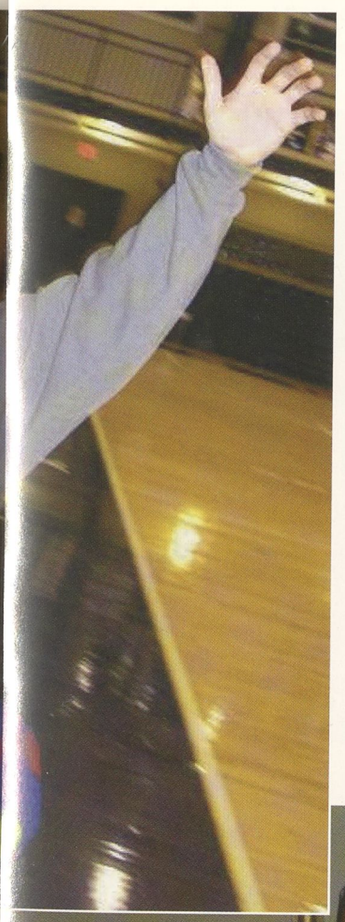
-Ralph Brunks



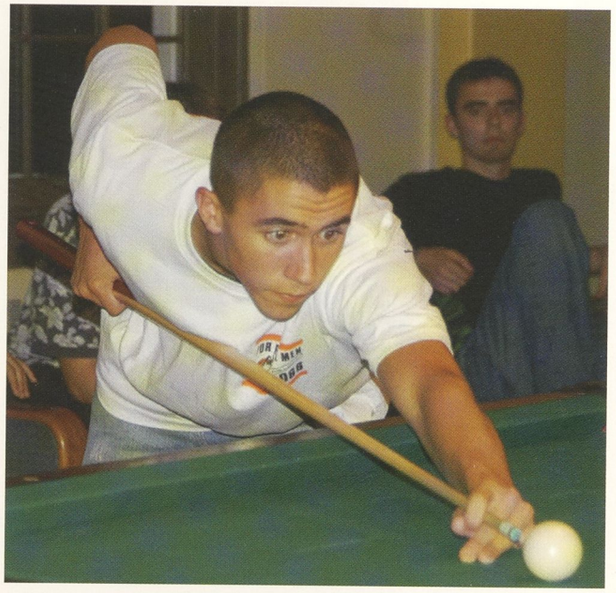
Above: Thanks to senior Tucker Dietrich, a friendly volleyball game turned into a dodgeball massacre.

Ball-a

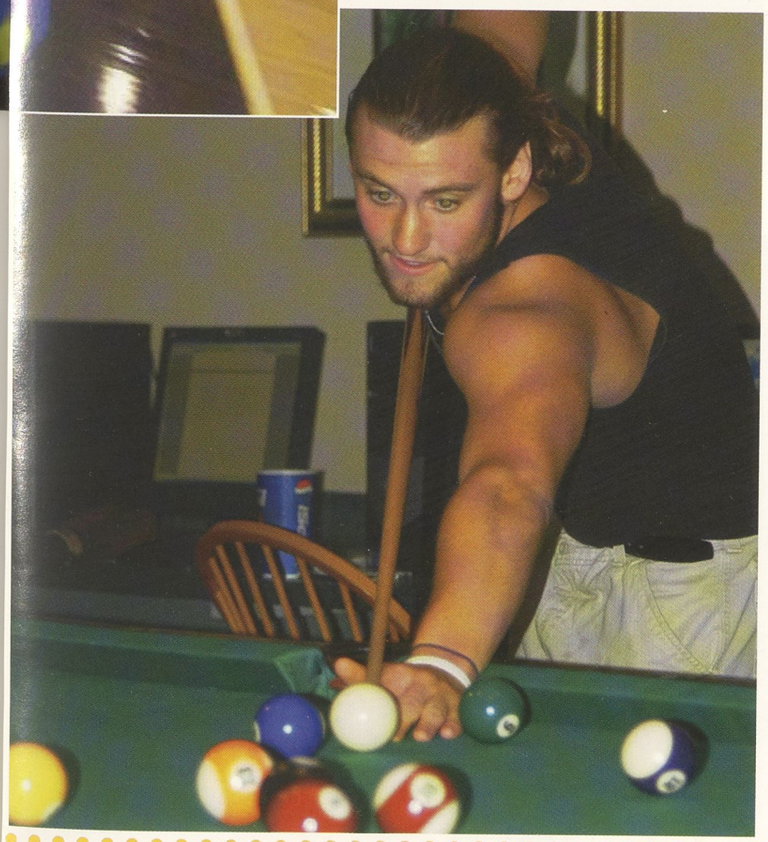
, a friendly vol-
acre.

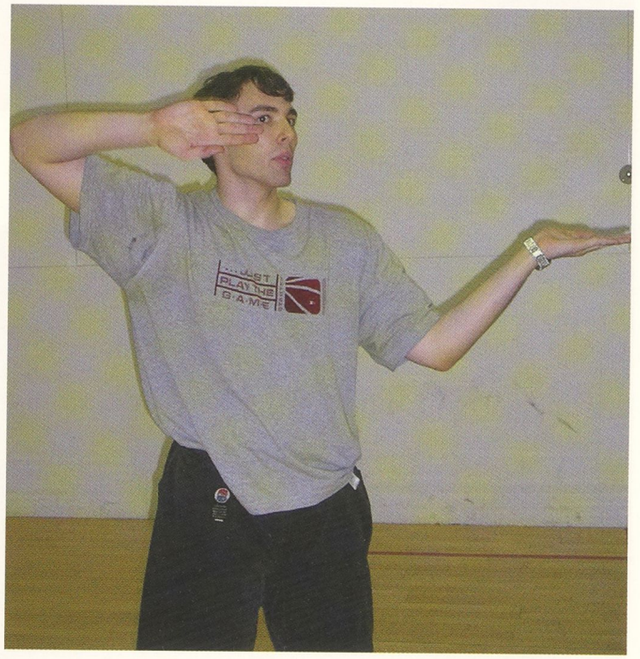


Left: The doctors said that freshman Alex Barnes was lucky to be alive after this brutal dodgeball battering.
Below: Everyone's watching, Dave! No pressure...



Below: Certainly this must be illegal in the civilized game of Ultimate Frisbee.





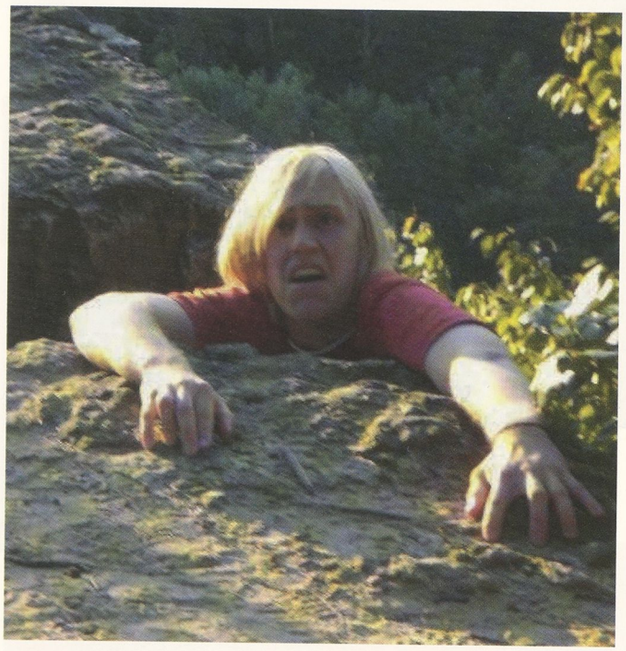
Above: Is junior Wes Schwartz is auditioning for the lead role in "Egyptian Prince On Ice," or just working out with kenpo club?

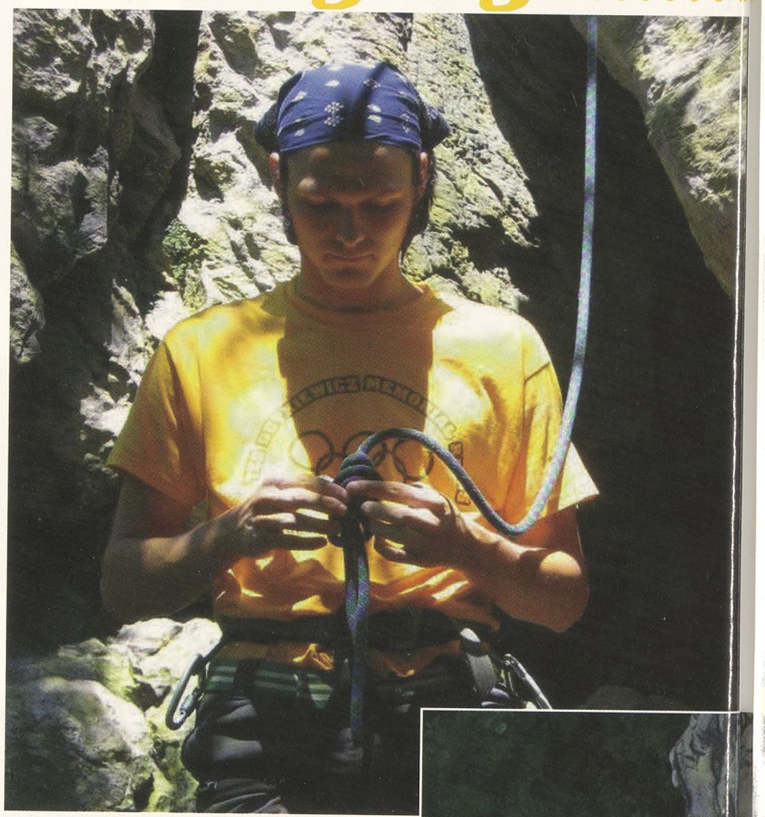
Left: If you think that you can defeat Ralph at the pool table, well, you haven't got a *cue*!

Ball-a-holics, Ultimate Frisbee & Kenpo

Caving, Rock Climbing & Laughing Bush

Right: Man in meditation. Senior Charlie Bowerman contemplates his next climb as he readies his gear.
Below: This picture is dedicated to the memory of freshman Kyle Blauvelt who taught all the climbers an important lesson in safety.

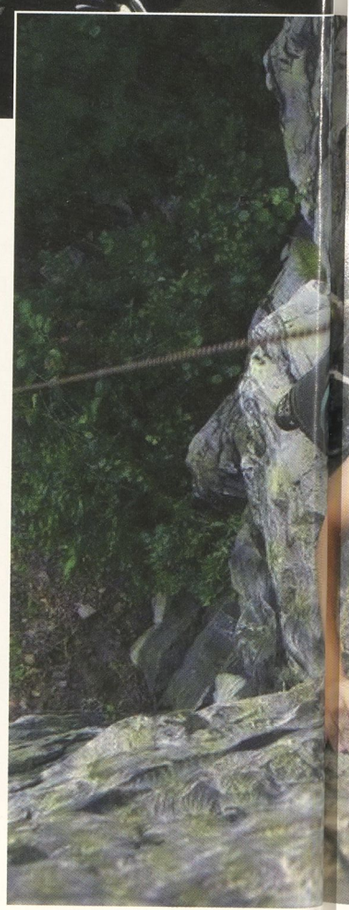




Above: Senior Mike Stefanic takes a look at the world from a different angle than most...

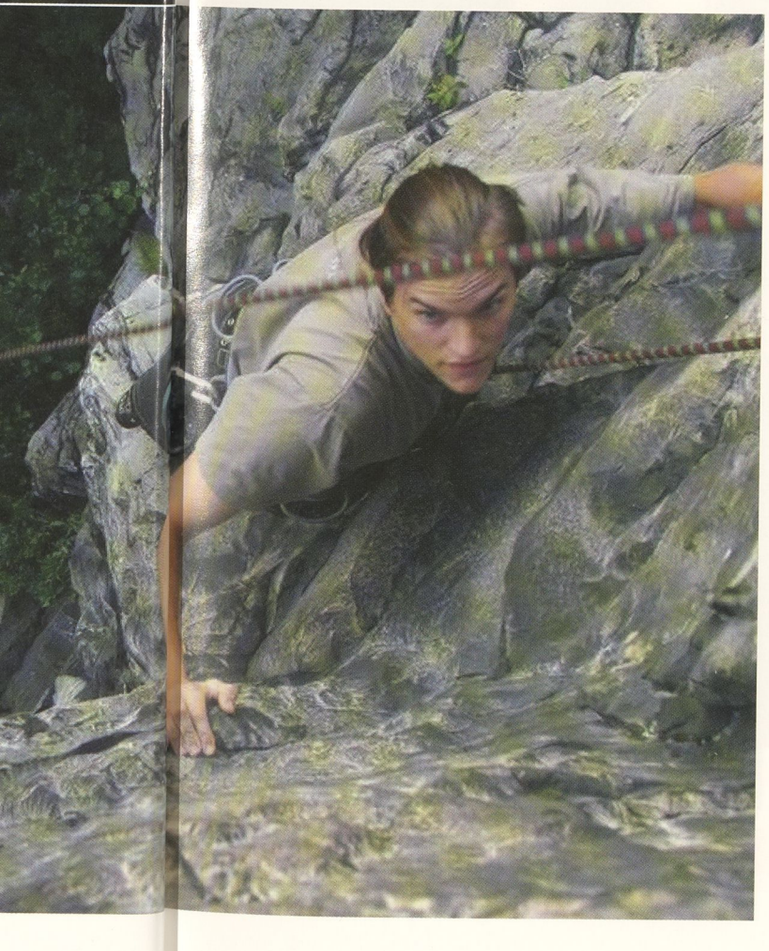
Above: Chad McClure is all smiles as he reaches the summit.

Right: We wonder if senior Jason Weeden puts this much concentration into his morning classes!



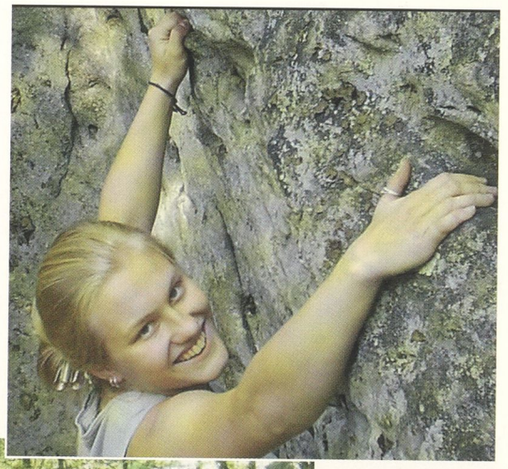
Below: Laughing B
heir skillful outdoo
vith the woman on

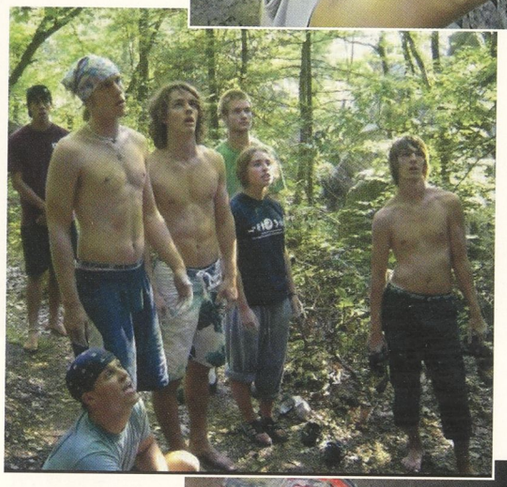
Below: Laughing Bush and Rock Climbing officers use their skillful outdoor muscles to prove that it's always better with the woman on top.



"JC Rock Climbing is one of the best ways students can learn a new skill, stay in shape, and meet a fun community. Students will appreciate the essential techniques of climbing." - John Dawes

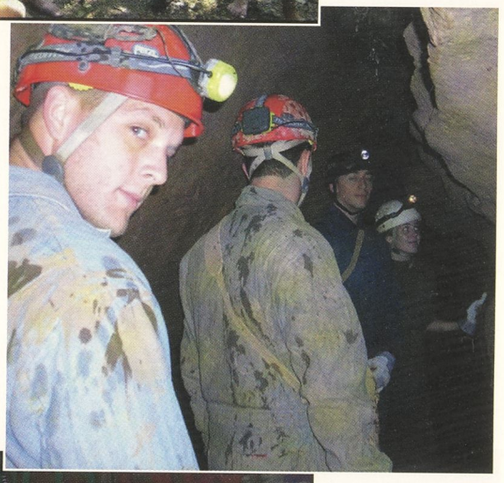
Right: Sophomore Tina Leavesley may look like she's hanging on for dear life, but she hasn't even left the ground yet. Tricky, Tina. Tricky.

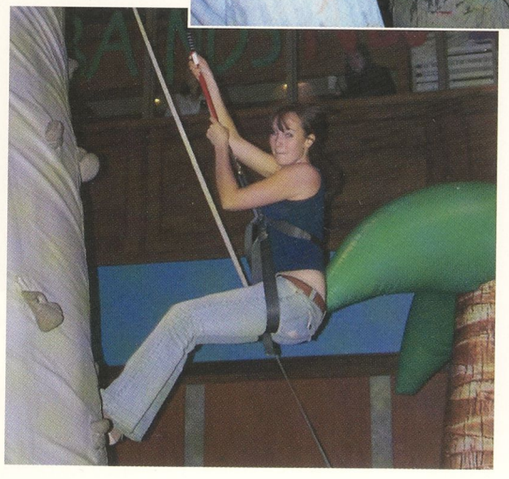




Left: These climbers stare in awe at the mother of all rocks, some sacrificing their shirts for the opportunity to climb it.

Right: Caving?! You look more like you've been playing mud volleyball!



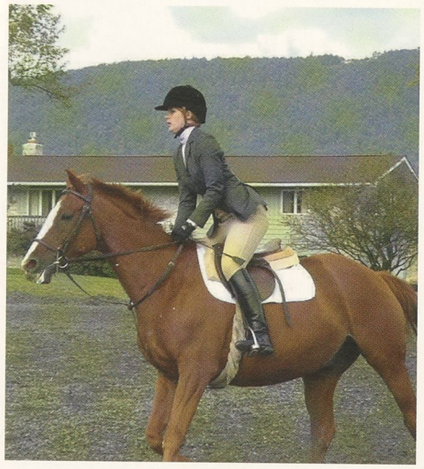


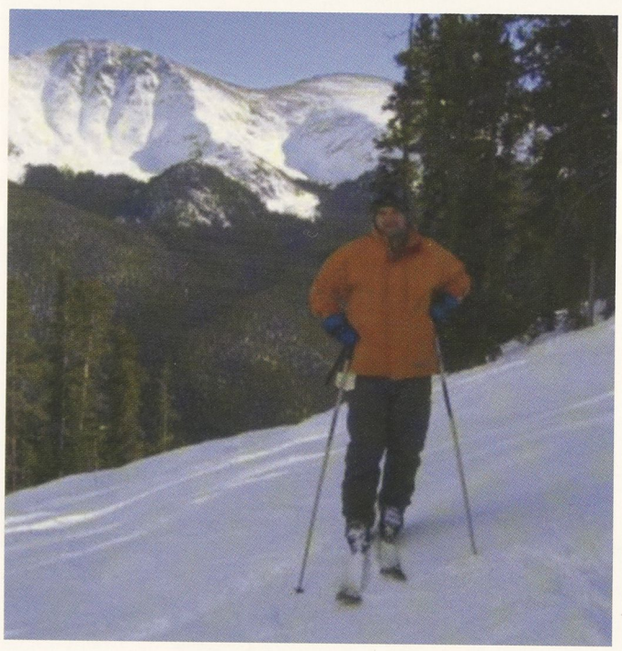
Left: Sophomore Erica Kross is hanging "on the edge of her seat" as she lowers herself to level ground.

Right: Sapsuckers pour their hearts and souls into the day-long efforts. They also pour syrup.

Below: No frostbite here! Joe Shandor, Jenny Killen and Megan Moschgat share some body heat on the ski slopes.

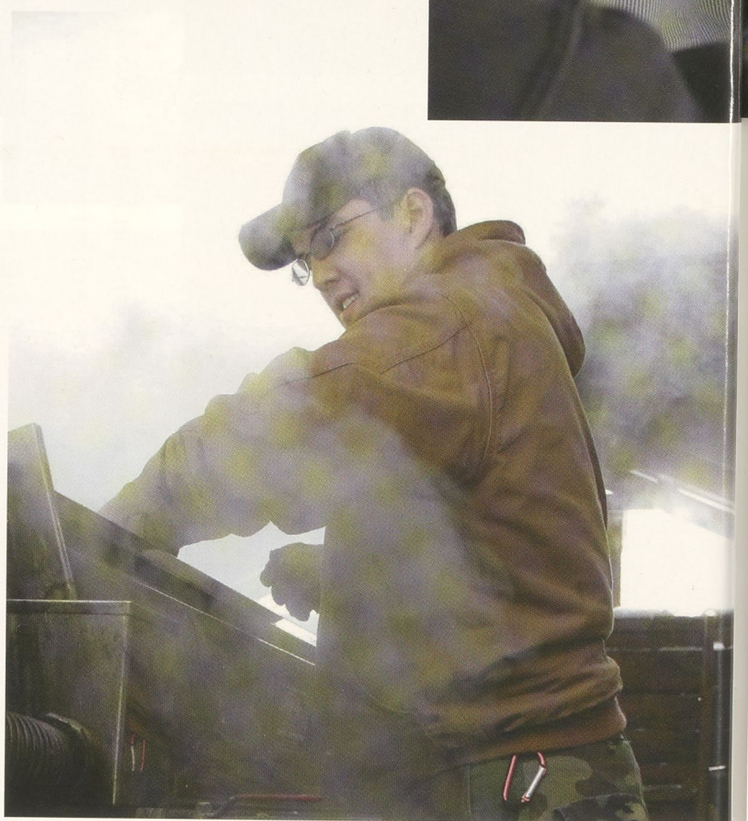
Below: Junior Justine Kobeski and her horse strut their stuff in the show ring.

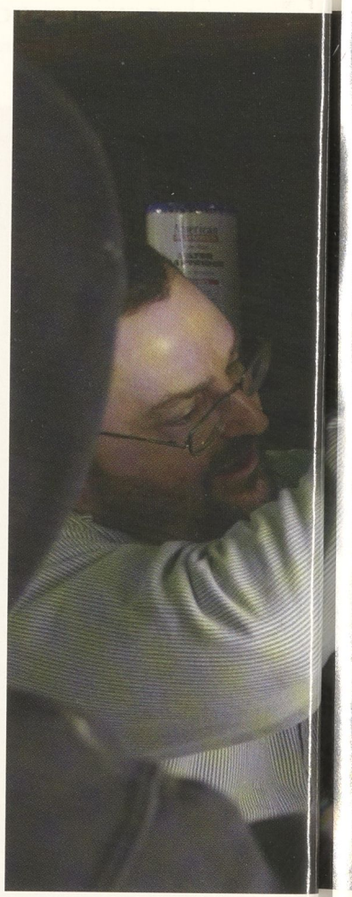




Above: Even under all those layers, senior Will Marshall can still show off his manly physique.

Right: Sapsuckers are smokin' hot!

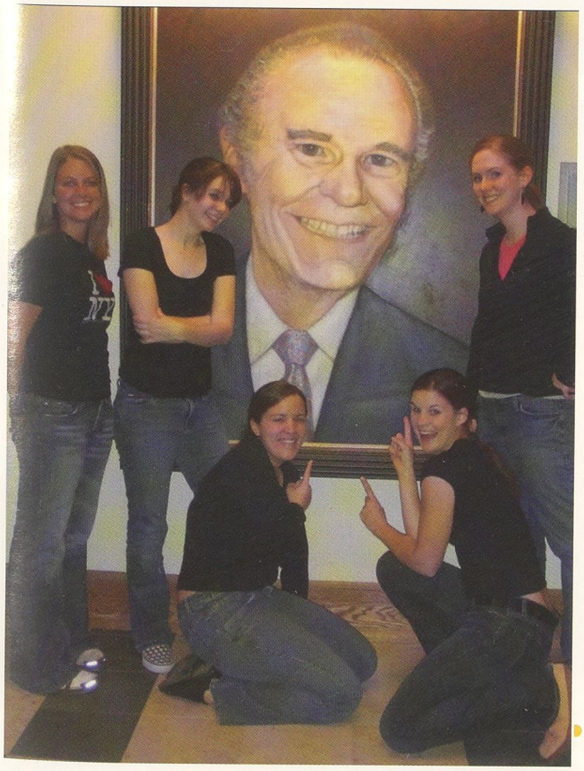




Above: The Equestri
inspiration?

JC Downhill, Sapsuckers & Equestrian

trian

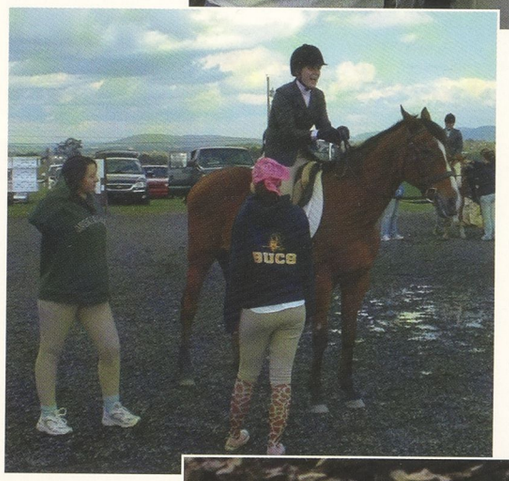


Above: The Equestrian Club officers point out their.... uh... inspiration?

"We tap the trees, drain the sap and cook it all day long. But we would rather just drink the syrup!"
-Betsy Freeman, treasurer of Sapsuckers

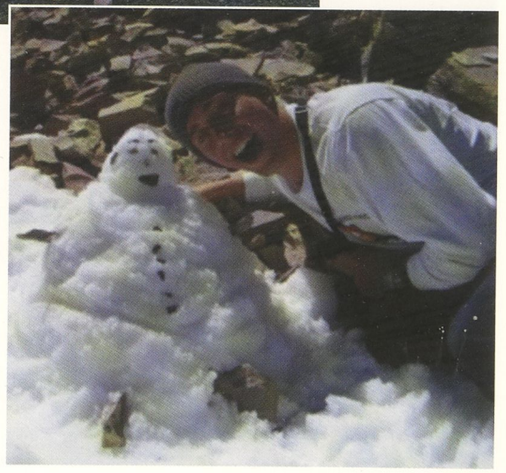
Left: "One of these kids is not like the others. One of these kids is doing her own thing."

Right: It's ALIVE!



Left: Team members show their support for their fellow rider at the PSU Riding Competition.

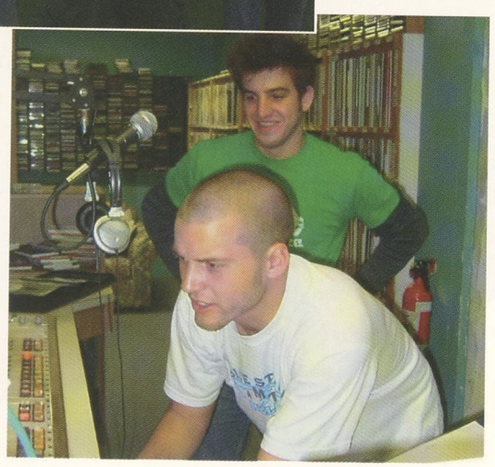
Right: Sophomore Nick Reiter is good at making friends...literally!



Left: With a graduating senior as the lone member of this year's pep band, you can't blame Alison Earnhart for worrying. Don't worry! The beat will be back...someday.

Right: Evan Heisman uses his radio show to entertain the masses. And by the masses, we mean the Huntingdon County Prisoners.

Left: Tyson Daniels is confident that his team will take care of injuries at the Storming of the Arch.

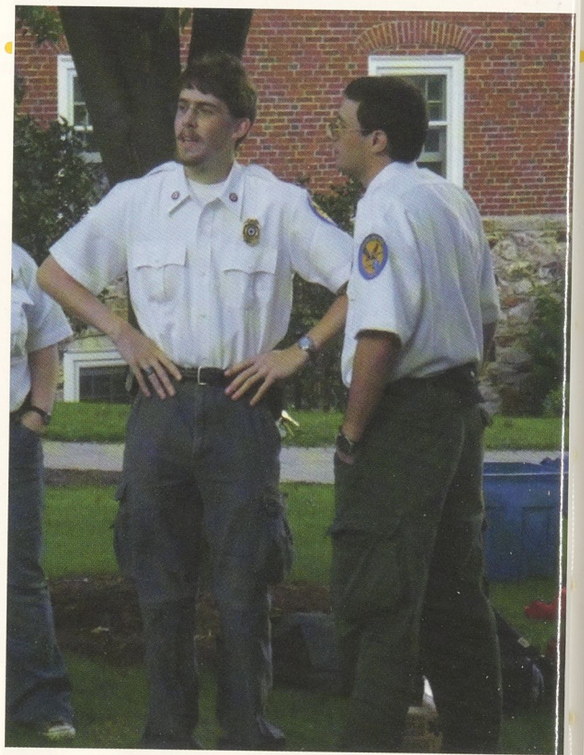


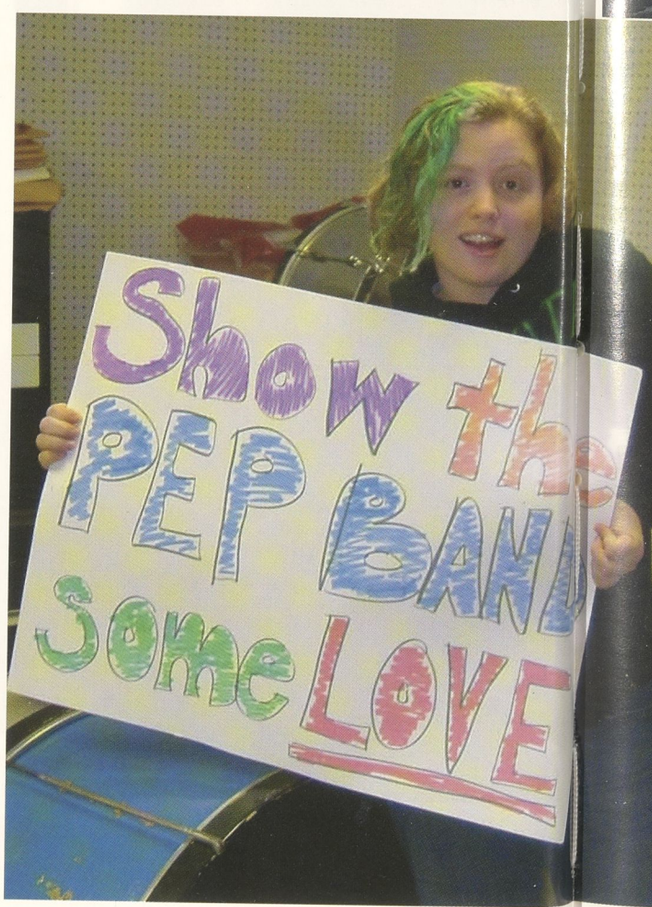
Right: Are you looking up news or playing another video game on the job?!

"I really love the pep band. It's got a rich past and I hope that someday somebody will come along and revitalize it. But until we get more members, the Screamin' Eagles will have to lay low."

-Alison Earnhart

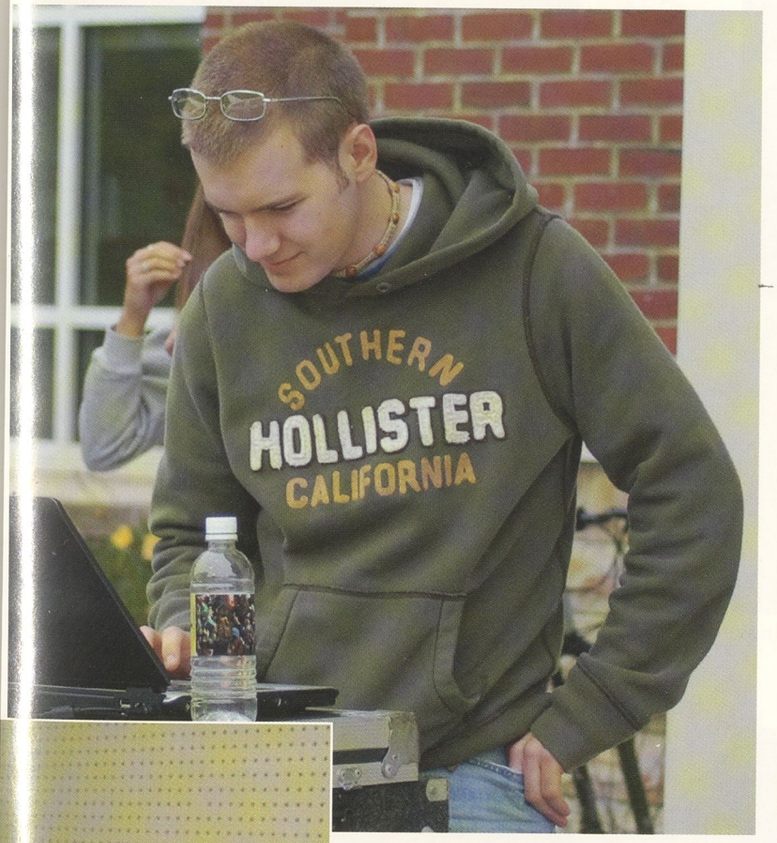
Below: "Whaddya think we do now, boss?" "Well son, I think we should stand here and hope nothing goes wrong."





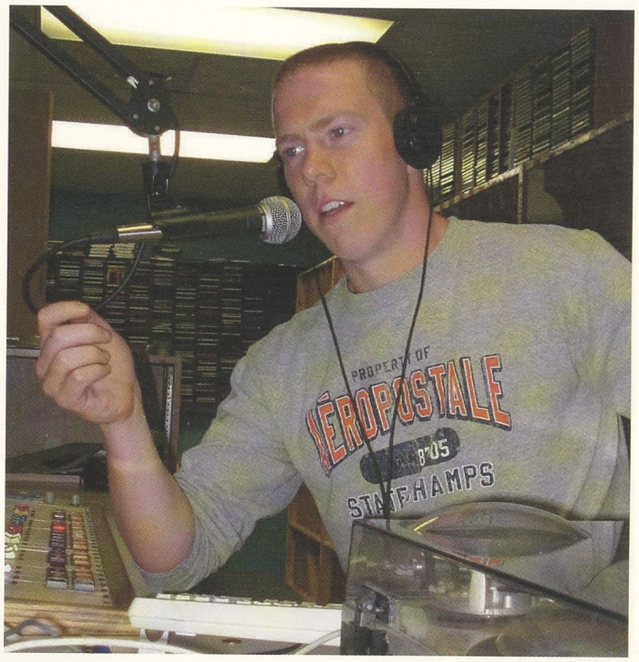
?" "Well son, I
hing goes wrong."

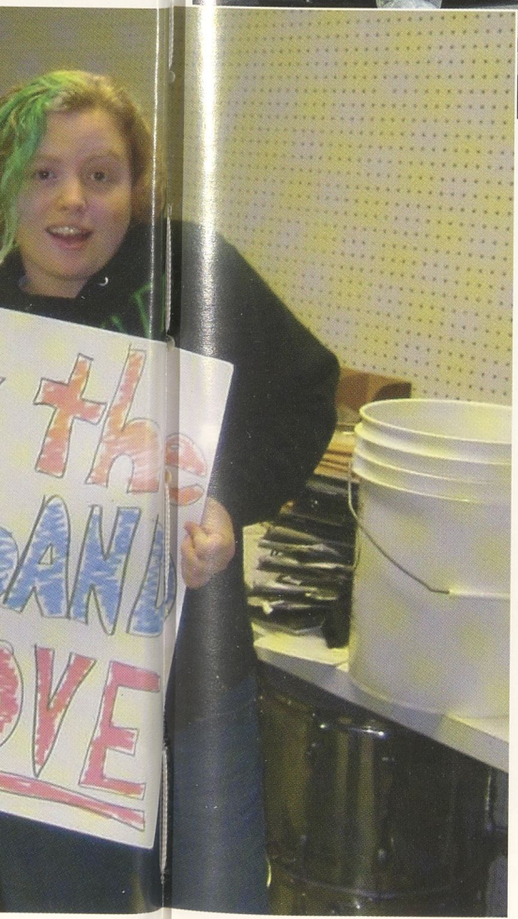
WKVR, Screamin' Eagles & JC-EMS



Left: DJ Dwight Bard may be confident with the ladies, but he seems to be a little confused when it comes to the equipment.

Below: Sophomore Bill Sanborn always has something to say, and he is finally putting his words to good use.

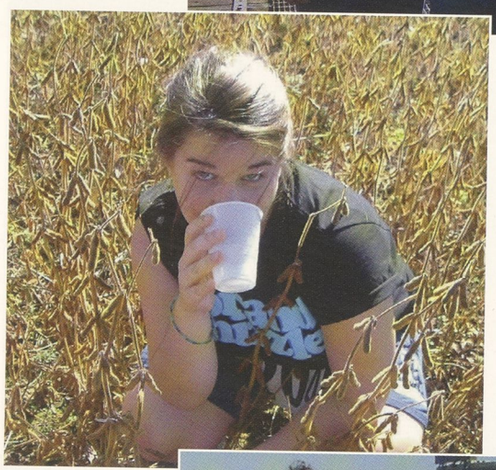




Above: Neil "Steven Las Vegas" Holloway may sound like any ordinary radio show host over the air, but he is actually a giant man with basketball skills and a passion for oldies music.
Left: Yeah, guys! Don't be hatin' on the pep band. Band kids need love, too.

Above: Disappointed at the lack of carnage at this year's Storming of the Arch, JC-EMS packs up.

Right: Amanda Fabis, Kelly Serfling and Erin Satterthwaite enjoy the outdoors. Let's hope those train tracks led back to Juniata!

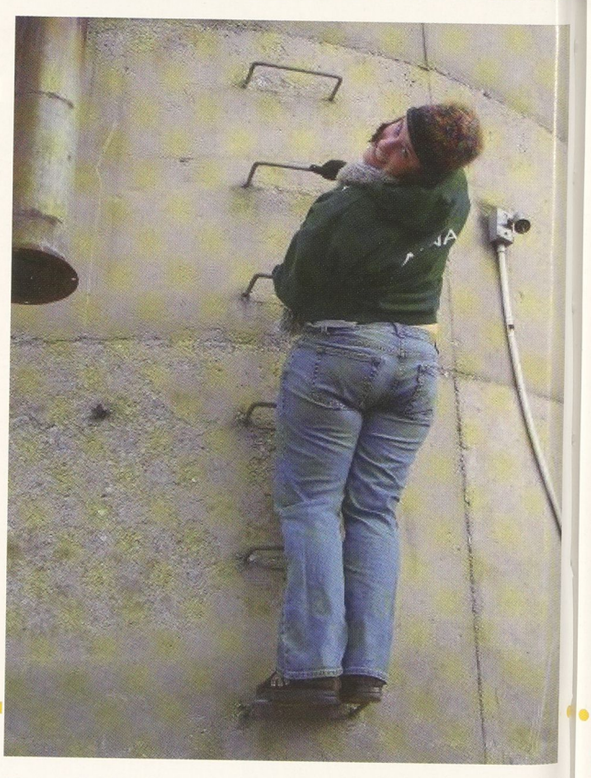


Left: Freshman Sarah Slat knows that to keep your bones strong you need to drink your milk! It's even healthier for you if you drink it in a field!

Right: At the PA for Osteochallenge, Erica Bennett and Mindy Bozick decide that the one thing they can't conserve is energy.

Left: Sophomores Joelle Caporaso and Hannah Everhart got so lost in the corn maze that they had to eat their way out!

"Ag Club allows me to join students that appreciate farming and share my own farming heritage with others. The Ag Club's farm tours provide opportunities for students not familiar with farming to see and learn about them through firsthand experience."
-Aaron Shotts

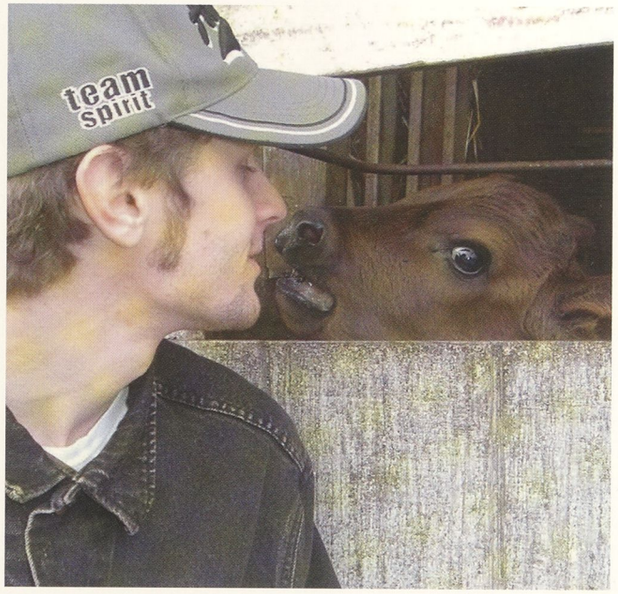


Above: Sophomore Anna Oliveri practices her silo climbing skills on an Ag Club farm tour. Don't look down!

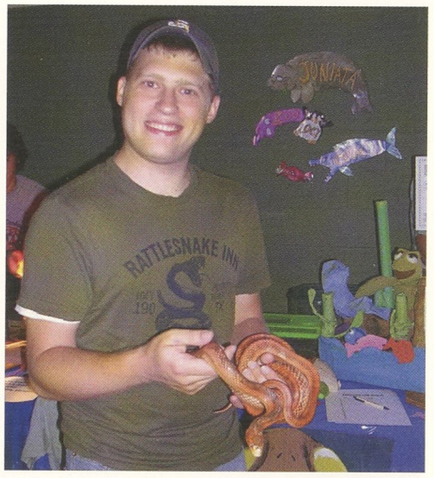
Cons

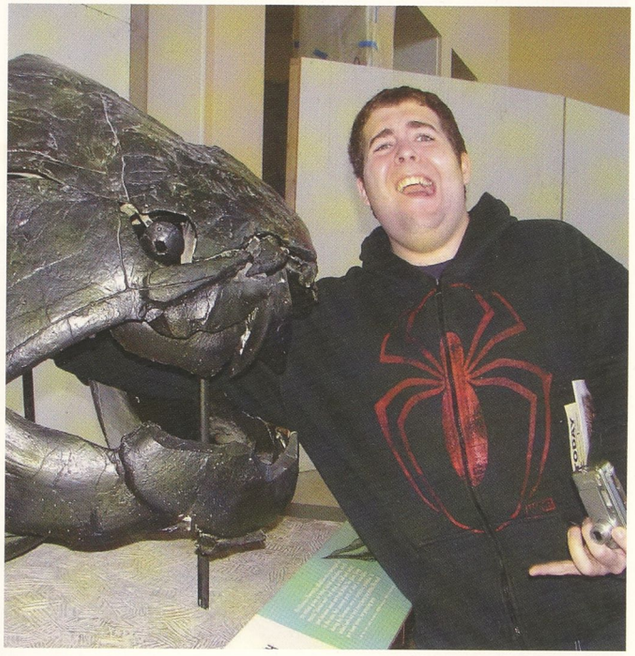
her silo climb-
ook down!

Left: Juniors Jenna Eagle and Mandy Tennis may not be hiding alone in the corn maze. Extraterrestrials have been known to look for people dressed in grey Juniata sweatshirts.
Below: Aaron Shotts embraces the Ag Club spirit and gets up close and personal with a calf.



Below: Junior Andy Adams shows that being brave has its benefits when joining the Zoology Club.





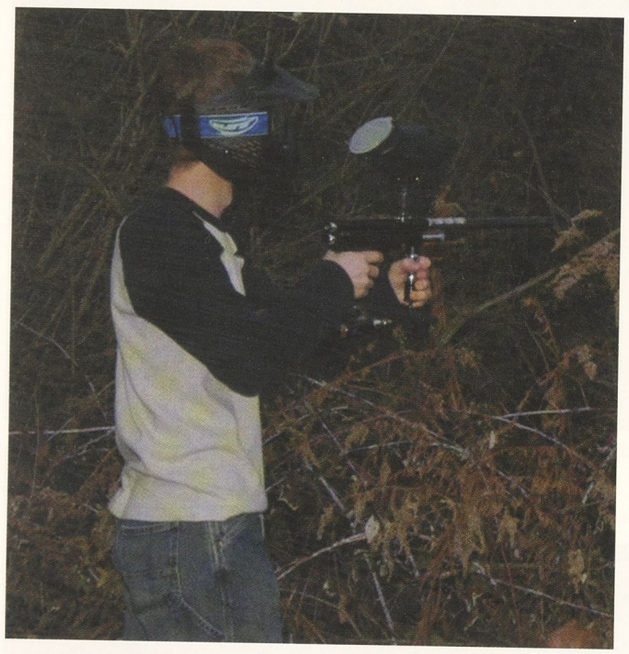
Above: Zoology club president Brock Eastman really likes ancient fish...or maybe they like HIM!
Left: Kristina Leavesley, Angela Ferrelli, Laurel Gutenberg and Celina Isenberg play a game of hide-and-seek in a pit of tires. Who knew they would find the golden rim?

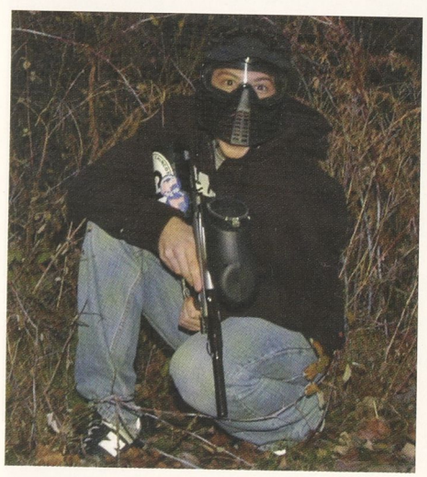
Conservation, Agriculture & Zoology Clubs

Paintball, Skeet & Trap & Fishing

Right: How is senior Dane Fischer going to eat his catch of the day without any teeth?

Below: Don't worry, Rob! You blend right in!



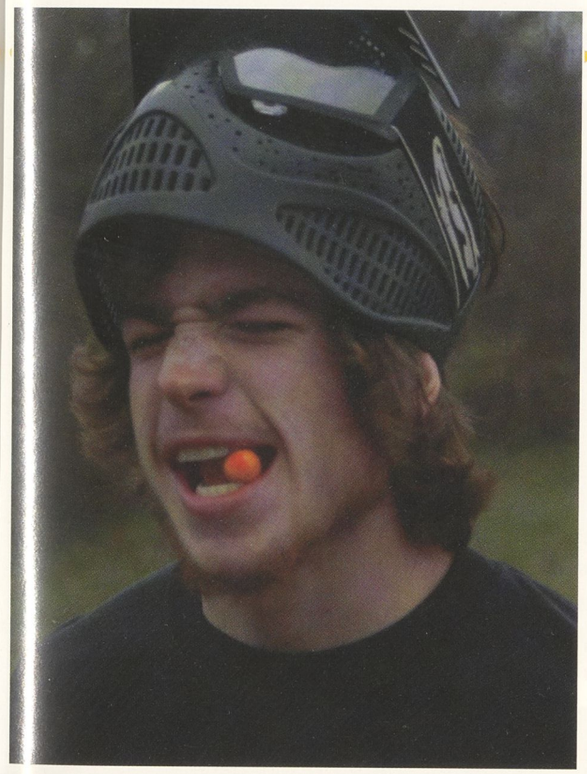


Above: Sophomore Sacha Potter sports the Darth Vader look.

Above: Watch out, GQ! JC's fishermen display this year's sexy outdoor gear for the "All-American Trout Awards."

Right: Hard evidence that the paintball club should look into some advanced safety training.

Below: Kevin Dundore mistakes a paintball for a gumball again.



" Paintball club is all about having cheap fun....Plus, we like shooting each other with paintballs, of course. We would use rocks, but then it would be the rockball club."
-Kevin Dundore

Right: Sophomore Brian Pearson is ready to shoot some lions, tigers and bears. Oh my!

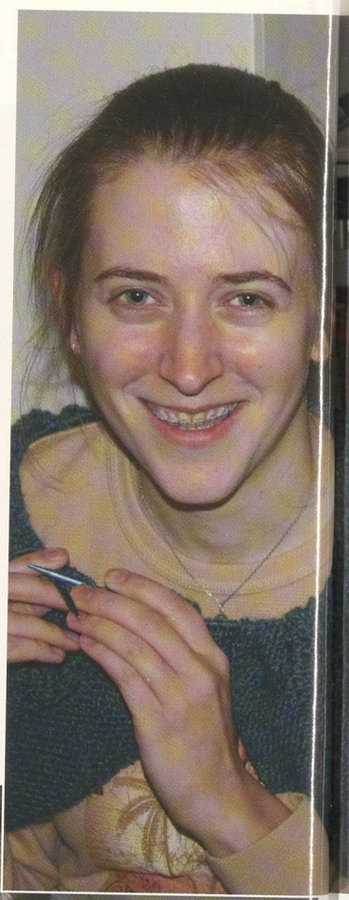
Left: Did you *catch* that fish, Kris, or did you just *dig* it up?

Right: Watch your back! Sophomore Rob Lomax has the gaze of a true paintball warrior!

Left: Eric Miller is looking for fish. Somehow we think that using a hook and bait might work better.

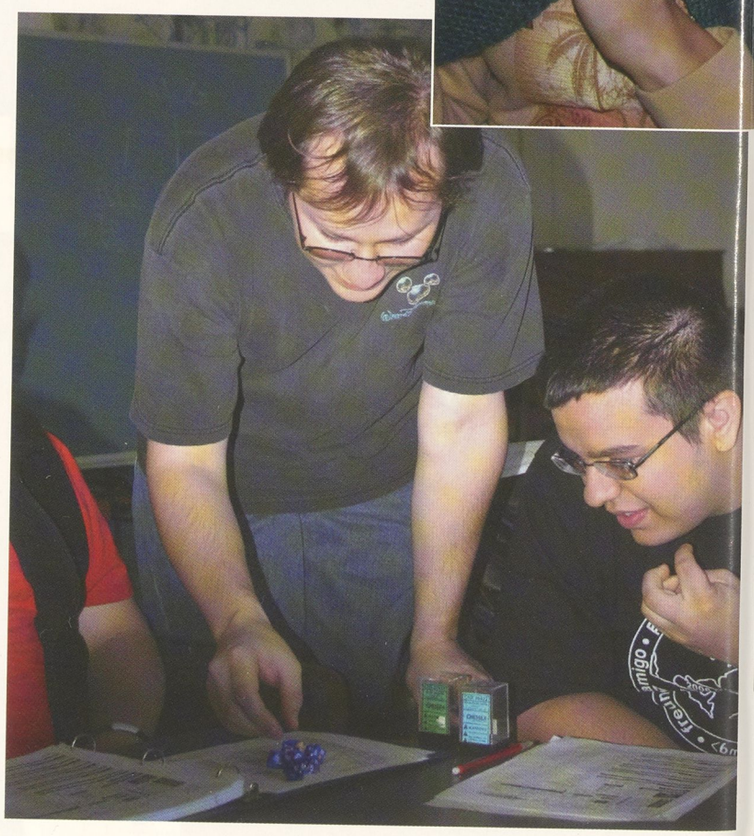
Right: Senior Wahida Toomey and freshman Grace Canfield illustrate the knitting club's hook--club creations you can wear!
Below: Senior Karen Leonard and freshman Nathan Binns agree to "make nice" after an epic battle.

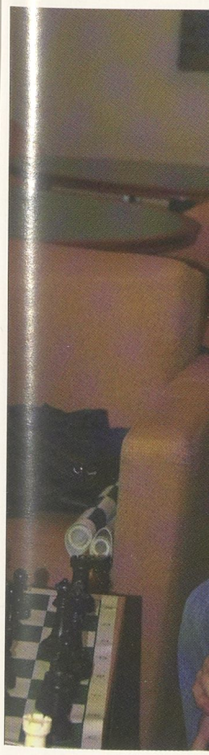
Below: Freshmen Earl Rogers and Ivan Glesk are still trying to master the new clap on/clap off light.



Above: Emily Byler is so good at knitting she doesn't even need to look!

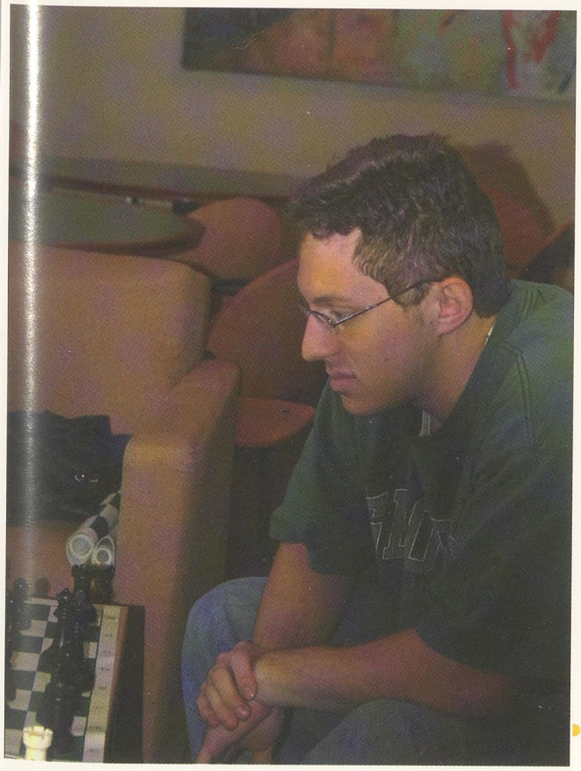
Right: Gaming Club members Thaddeus Sechrist and Jack Berkebile get a tad too excited about dice.





Gaming, Chess & Knitting Clubs

Above: Don't focus to



Above: Don't focus too hard, Andrew!

We [freaking] play chess! That's all we do!" - Karen Leonard, chess club president

Left: Pick a hand. Any hand!

Right: Take a nap BEFORE you knit, Tiffany!

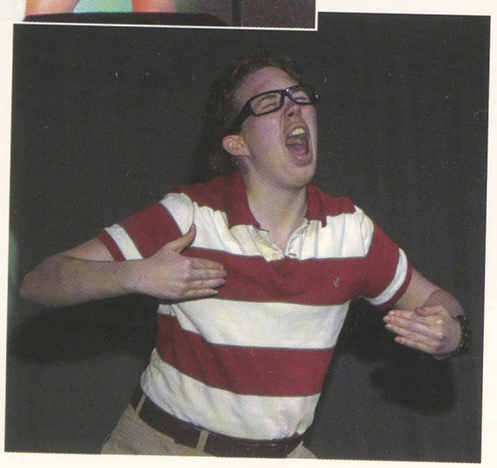
Left: Nathan Binns has developed a way to play chess with his mind only. Look ma, no hands!

Right: Instead of the little angel and devil, this knitter does what the giraffe on her shoulder tells her....We think she'll be making a looong scarf.

Left: PAR student, Rebecca Plane, shows us that the PAR lounge is, indeed, a place to get in touch with one's inner child.

Right: Imane Tounsi, are you supposed to give a speech or just stand there and look pretty?

Left: Evan "Pussy Galore" Heisman leaves the audience with one last pose at the annual AWOL drag show. Ms. Galore took home the golden title.



Right: The drag show showed us that nerds have feelings, too. Painful feelings, that is.

"I love this organization; many of them are like family, and they have given me the strength and support I needed to continue on here at Juniata."

-Laura Hardy

JUNIATA ACADEMICS

Setting new goals and hitting higher highs

Erin Satterthwaite & Krystal Hope

There were many great academic achievements and improvements in all the various departments this year. The accomplishments ranged from personal scholarships to campus wide changes. Sustainability on campus greatly increased in momentum. Juniata continued its efforts to become more sustainable by providing residence halls with more recycling bins, along with competing in the MTV EcoChallenge. The communication department's Bailey Oratorical Contest incorporated sustainability into its theme. Senior Lisa Detweiler won the contest with a speech on the sustainability of grass farming.

Students also worked on a groundbreaking project with bio-diesel. Celina Isenberg researched bio-diesel for over a year. Throughout 2006-2007 Isenberg worked with fellow seniors Eben Pendleton, Maggie Morgan and Laurel Guttenberg on a project that used Baker's leftover vegetable oil to make bio-diesel. The group set a plan in motion that will eventually use the bio-diesel to heat buildings on campus...but that's a story for another yearbook down the road...

Also this year, environmental science students participated in the first ever "Sense of Place at the Raystown Field Station. Students spent the entire semester at the field station taking a variety of courses and field experiences. Students focused on tracing how local, regional or global problems can move toward sustainability.

Juniata was strongly represented at the National Conference of Undergraduate Research (NCUR) which was held at the Dominican University of California in San Francisco. 100% of Juniata students who applied were accepted. Nationally, only 85 percent of applications are accepted. Students gave scholarly presentations on a wide variety of topics and disciplines, including biology, history, and finance among others.

The religions department launched a new designated POE and added a large array of Eastern Religions courses to its curriculum, thanks to the hiring of a new professor specializing in Hindu and other Middle Eastern religions, Professor Susan Prill.

The Peace and Conflicts Studies department celebrated the 20th anniversary of the Baker Institute by hosting a symposium on the topic "God, War and Inevitability."

Juniata's international language and culture program, Language in Motion, received a two-year $150,000 grant from the Arthur Vining Davis Foundations to continue the program, as well as expand its mission to other colleges and universities across the country. The grant also funded a conference at Juniata to show interested colleges how the program functions.

"One of the most amazing aspects of Juniata is the incredible diversity of individual projects available to extend education beyond the scope of regular coursework."
-Celina Isenberg

The physics department faculty had some wonderful achievements. Most notably, Professor Jim Borgardt received the Society of Physics Students Outstanding Chapter Advisor Award, the one given in the entire country.

The communication department moved its offices from the Quinter House to the Dale Hall in the Brumbaugh Academic Center. This move allowed the department's professors and students to work more closely with business and information technology professors in hopes of creating more integrated programs and POEs.

Individual scholarships were awarded throughout the various disciplines. Chris Burlingame won the St. Andrew's Scholarship, making this the tenth consecutive year that a Juniata student has won this award. Burlingame will use the scholarship to travel to and study in Scotland for the upcoming year. Meara Kauffman won the esteemed Fulbright Scholarship. She will be traveling to Switzerland to further her chemistry studies with the grant.

Juniata bids farewell to several key figures who have served this campus community for many years. Retiring professors, Sue Esch (mathematics), Todd Gustafson (biology) say good-bye after countless exams and advising sessions. International Programs Dean, JoAnn Wallace helped to change Juniata's geography—encouraging record numbers of students to study beyond our borders. She also worked tirelessly to bring diversity to campus through international programs and students. And finally, Bill Alexander, Juniata's vice-president for finance and operations, says goodbye after 40+ years as a student, faculty member and administrator.

JUNIATA SENIORS

'007 - Shaken, Not Stirred

Bobbi Rickenbaugh

It's hard to believe just four years ago we walked onto campus as the so-called 'little people' and now we are leaving as the top dogs. Each of us has developed special bonds that will never be forgotten and memories that will be etched into our hearts forever. Let's take a trip down memory lane.

It all began with the dorms which gave us a sense of place – homes away from home. What were the staples of dorm life? Domino's delivery, microwavable meals (i.e. Easy Mac & Ramen Noodles), the aroma emanating from the boys' hallways...and who could forget the Wellness Weekend Warriors?! Then there were those rules that we lovingly abided by, such as quiet hours during finals week and the dreaded end of a rockin' party at 2 a.m.

Little did we know that dorm living was all a part of molding us into becoming "good neighbors." And out we went as prestigious members of the Huntingdon community...couches on front porches, 'recyclables' in our backyards and all! Sure there were a few complaints here and there, but most of the time a simple invite of the neighbors was enough to keep the authorities from making an ill-timed appearance.

We started out utilizing the reference librarians and slowly resorted to the scholastic appeal of Mr. Captain Morgan. Wednesday night karaokes at Johnny's with D.J. Skiddy were always a hit. And how many of us could be found paying a dollar cover charge to take advantage of Thursday night study sessions at Memories? Enough to know that with the tutoring of Steve Summerhill, Friday morning exams were always a breeze.

As seniors, we picked up the slack on Friday night festivities. And you could always bet that the basketball house would be bumpin' on a Saturday night.

Just as we will take many memories away with us, Juniata College will remember many highlights about our Class of 2007. In volleyball, Stephanie Kines and Rachael Schatz were the first two females to win two NCAA national championships in Juniata history. On the men's side of things, seniors Jeremy Barndt, Casey Dale, Glenn DeHaven, Ryan McGinley, Nate Ocasio, Derek Stanley and Steve Yeager made history by capturing four consecutive Molten Championships.

"The Class of 2007 is really classy. In fact, our group's motto is "Let's get dressed up and get messed up!" We know how to have a good time while still looking good!"
Kelly Howard

CWS, IA, CA, HOBO, OCC, IT, TLT, CNS, RSO, PACS, FISHN and the POE taught us that if nothing else, four years here have made us masters of the acronym.

But there were more successes than that on our academic paths. There were dean's lists and scholarships, internships and conference appearances. And there were big wins in small business. Entrepreneur Brandon Long and accounting POE Julia Williams teamed up to start a business called 'University Jerky' which was so 'hot' that it expanded into the Penn State University market in 2007.

Demetri Patitsas, another entrepreneur of JCEL , led a 'cool' new business, 'Absolute Creo Ice Cream Truck.' Demetri, also the Student Government President, "Brought visibility, awareness, and credibility back into office...more or less, [he] kicked some serious tucass" (according to a fellow student, not Peter Patistas either!).

In between the rock, paper, scissor tournaments, comedians, hypnotists, formals and coffee houses, we did receive a well rounded education that will be the foundation for the rest of our lives. In earnest, our years at Juniata will ultimately be marked by the lasting impressions of our professors, the friendships we have forged, and the satisfaction knowing that we have persevered and conquered.

If there's one thing for sure, the Class of 2007 has always kept it classy.

"Pa
May all the

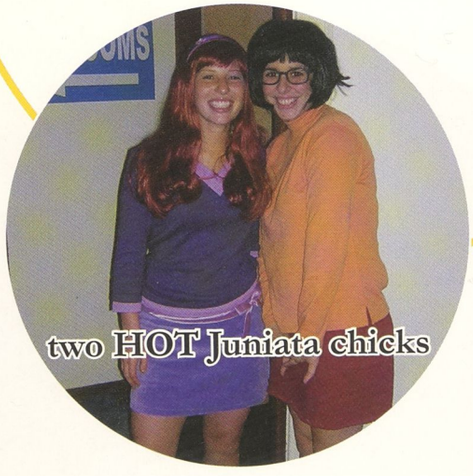
Memories -
snapshots taken with the heart
are never lost...they become
an album of beautiful moments
that live forever...

"Palaid sapnus briviba, lai pasi atrod mirkli kad tiem jatop istiem!"

May all the memories of the past four years guide you through every future step!

With love, ar milestibu - Laila, Papa, Mamma

All-American



two HOT Juniata chicks

My how the years go by…Your four years at Juniata have come and gone so quickly. You have grown and accomplished so much, and we're proud of all you've done and of who you've become. Always cherish your memories and the relationships you have built during your time at Juniata.

"For I know the plans I have for you," declares the Lord, "plans to prosper you and not to harm you, plans to give you hope and a future" (Jeremiah 29:11). Keep your beautiful smile and positive attitude, and always trust in His promises. May the Lord bless you in all that you do.

With all our love, Mom and Dad

Dear Katherine, CONGRATULATIONS on your graduation!

Explore the earth. Go far and wide. But always come home. Enjoy life and be happy, because life's journey is the reward.

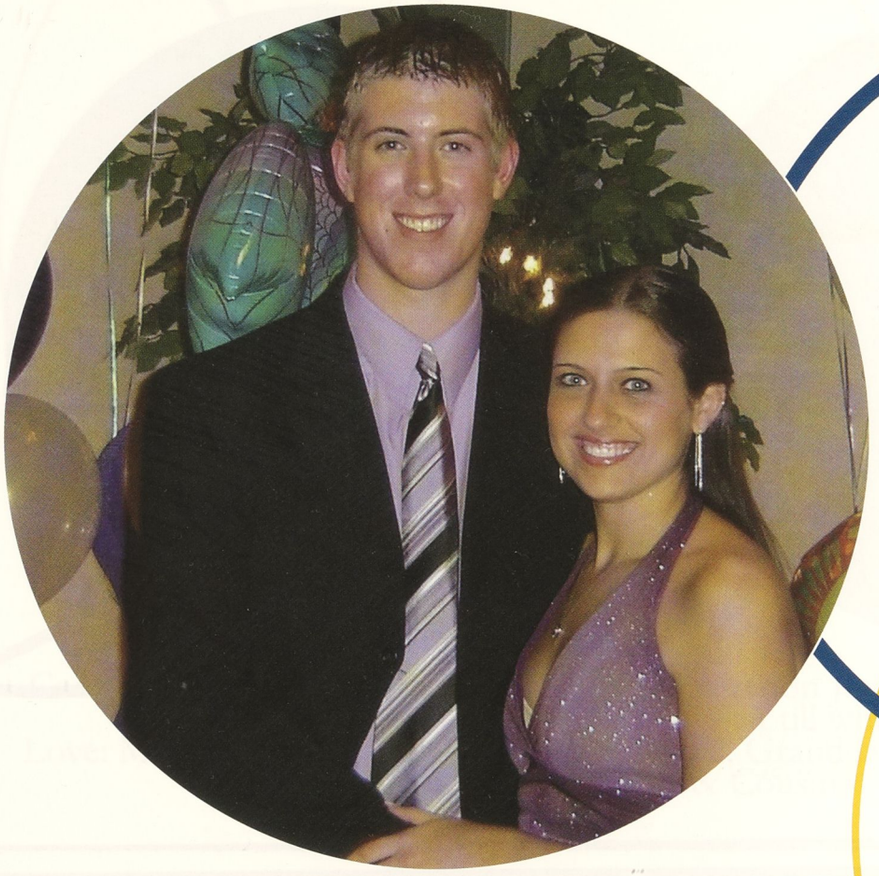
We love you. Mom, Dad and Elena

Dear Derek,

We admire your academic achievements as well as the special person you've become during your years at Juniata. We are very proud of you for everything you've done, including taking advantage of a wonderful opportunity that was given to you. Remember, numbers are infinite and so is your passion and dedication. And when it all adds up that's what counts the most. Good luck in your future endeavors. We love you and are looking forward to you coming home.

Love Always,

Mom, Dad, Ryan, Stephanie, Gram, Pap, Gram P, Atticus and Star



Dear Jackie,

We are all so very proud of your determined efforts and accomplishments at Juniata. Your career dreams are now beginning to be realized.

Continue now on your goal to reach out and stimulate the young minds in your charge with the same values and efforts you have gathered and embraced in your young adult life. There is no finer reward and praise in the life of an educator than to leave a positive influence with your students.

May God continue to bless you! We love you always.

Love,
Mom, Dad & Michelle

Matt,
We always knew you would reach your goal and enjoy the game! So many adventures, so little time. We are very proud of you.
Love always,
Mom, Dad & Ben

Dear Evan Lee,

Our tiny dancer; Warrior of the glen;
Saved by grace.
A complete success!!!

Congratulations on your Juniata graduation and all that you have achieved!!

Our love, prayers, support and friendship will always be with you!

All our love: 'Tomster', Daddy, Lindz, Mom-Mom & Nana McClennen

Congratula

Love: Mom

It has alway

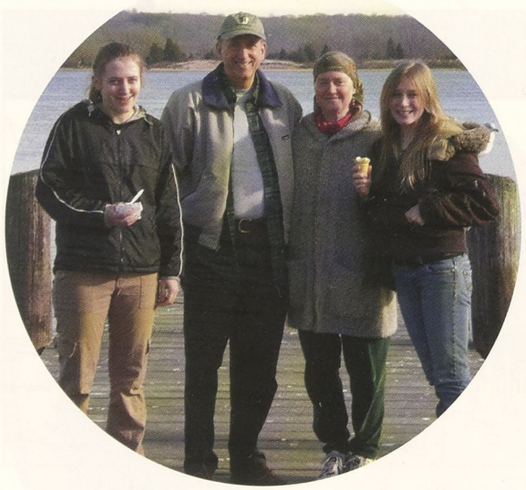
Dear Kyle:
Congratulations on being #6 and a third generation Juniata graduate. If you think these four years went by fast, wait till what lies ahead.
Love: Mom, Dad, Lauren, Poppop & Nan Sill, Granddad & Grandmom Allen, and Uncles, Aunts & Cousins

The Rookery by Brock Eastman

Here we are, after orientations, O-chem, finals, Mountain Days, Pig Roasts, spring breaks, JFM, Baker food, Madrigals, All Class Night, Von Liebig's portrait, and of course TK...we're graduating!
Real world, here we come!!!
AHHH!!
Congratulations Class of 2007!
We finally made it!
The world is at our feet!

Brock,
It has always been a pleasure and an adventure to be your parents. We have always been proud of you. Let the journey continue.
Love,
Mom and Dad

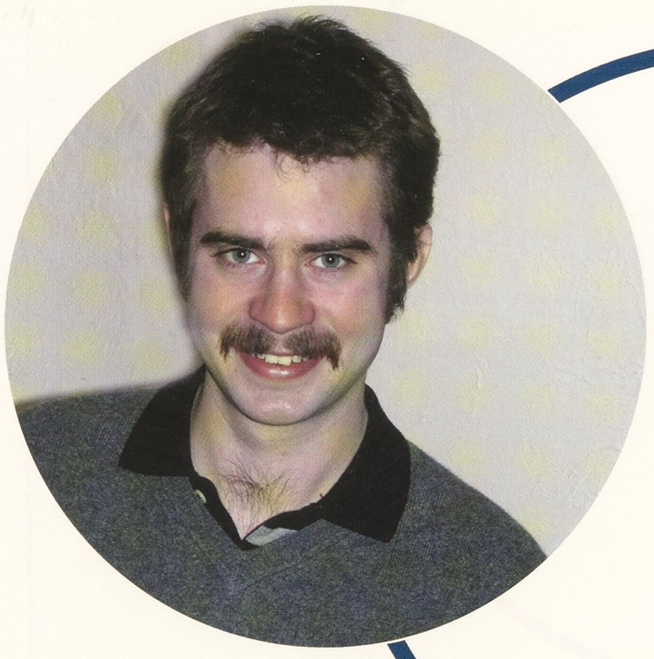
Brad,
These past four years have been a huge stepping stone in your life. We are very proud of what you have accomplished. Wherever your education takes you, we'll support your dreams.
Love,
Mom, Dad, Ryan & Pap



Who would have thought that the girl who rebelled against writing assignments while growing up would choose English as part of her college major?! You've done a great job, Wahi! Love, Mom & Dad.

Wahi (Nerdbommer),
I love you so much...more than our other sister.
Love, Hamida (Geekburger)

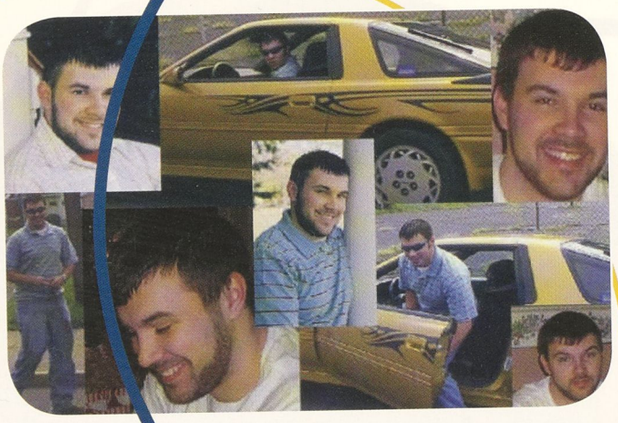
Congratualtions! Love, your Bro



Quinn,
The adventure continues - Love Mom, Dad and Owen

"Hey, it's Little Scuffer bringing you knock knock jokes."

Stef,
Four great years at Juniata come to an end and a new adventure begins. Wherever life takes you, we hope it's filled with all of the things that make you happy: good friends, warm beaches, blue crabs, sushi...We're very proud of your accomplishments.
Love,
Dad, Mom & Kev



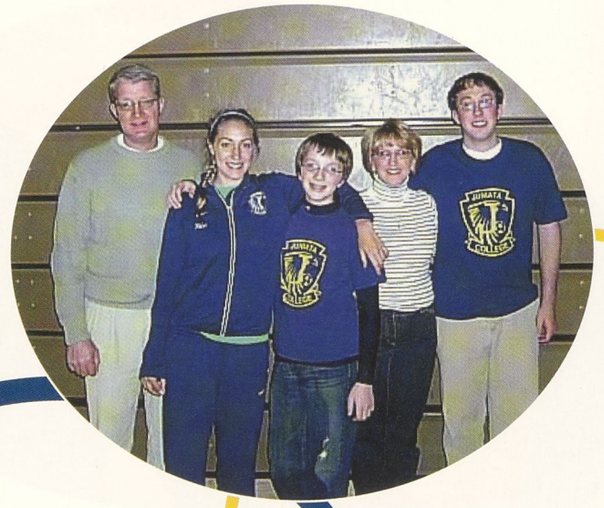
Chad,
We couldn't be more proud of you! It's hard to believe four years have passed already. Be proud of what you have accomplished and know you can do anything that you put your mind to.
We love you!

Love, Mom, Mamm, Duane, Carol, Dylan, Denise, Terry & Eric

Casey,
We are so proud of the person you are becoming. Make the most of your opportunities and know we will always love you.
Dad, Mom, Whitney & Jamie

Congratulations to the Class of 2007!

From the Alfarata Staff



Alicia,
Graduation is not the end; it's the beginning. Wherever you go, go with all your heart! We are all so proud of all you've accomplished these past four years.
Love,
Dad, Mom, Ben & Adam

rson you

Colophon

"Off the Record" is the theme for the 89th volume of the Alfarata Yearbook. The theme was created by staff members. Book size is 8" x 11", incorporating 200 pages on 100 lb. double coated enamel paper stock.

The custom cover was designed by Editor-in-Chief Beth Woodhouse and staff member Erin Johnson with assistance from Taylor Publishing's art department and Stephen Williams. The cover is a hard lithocote with a gloss lamination with a four color process to print the costum design. The custom endsheets were designed by Woodhouse and the faculty advisor, Amy E. Mathur. Endsheets were printed differently on the front and back on robins egg blue paper using black ink.

Adobe InDesign CS was used for the layout of the 2007 yearbook. The fonts chosen—Snap ITC, Denise, Bonnie, NouveauT, Wildworld, Typewriter, Jefferson Script T, and Garamond—came from a library of fonts provided by Taylor Publishing and from various locations on the Internet. Body copy and captions appear in 10 pt. Garamond font. All pages were produced by staff members using digital images, photographs, Adobe Photoshop and PC computers.

Taylor Publishing Company, located in Dallas, Texas, published the Alfarata 2007. Ed Patrick, Jr., Seana Litt, and Lindsay Rowe served as the Taylor representatives. Professional photographs, both portrait and some sports candids, were taken by DaVor Photography, located in Bensalem, PA. Jim Rainey served as the representative from DaVor.

The Alfarata staff wishes to thank Ed Patrick, Jr., Seana Litt, Lindsay Rowe, and Jim Rainey's staffs for their hours of assistance in producing the book. We thank Juniata College's administration, faculty, staff, and students for their contributions as well.

Amy Mathur, the yearbook's faculty advisor, wishes to thank the staff who consistently ran ahead of deadlines…for probably the first time in yearbook production history. Thanks also go to Caitlin Hinson for eradicating red eye, to Jennie Rinehimer for guarding good grammar, and to Chris Shannon for being fast with the flash. And great appreciation goes to Beth Woodhouse who exceeded expectations in every editorial endeavor.
